

TEST OF BANKERS' SUCCESS IS AID HE GIVES COMMUNITY

BROWN AND OUTGAMIE COUNTY FINANCERS HEAR ADDRESS HERE LAST EVENING.

MOST ESSENTIAL BUSINESS

Business World Could Not Exist Without Bankers, Oconto Falls Man Says—Bankers Urged to Aid Their Communities.

"The general test of the success of a bank is the extent of the deposits this bank has, as compared with its capital. It is the banking policy of the banker that determines the success of the bank in building up deposits. I spoke of the ultra conservative banker in the beginning, who acquired deposits out of his reputation for tightness and refusal to loan to neighbors and home business people. This is one way and the poorer way.

"The bigger and better way is to loan with reasonable liberality to home people and institutions and to those in the legitimate territory of the town. Such loans beget deposits. Such loans develop the industries of the community. Such loans make friends and supporters of the bank. Not all of the loans of a successful banker are home loans. A certain percentage of his loans will be on outside commercial paper, which can be called in as needed, to adjust with home needs."

150 at Meeting.
That was the opinion of W. P. Wagner, president of the Citizens' National bank of Green Bay, as expressed in his address on "When Is a Bank Successful?" before bankers, directors and clerks of Brown and Outagamie counties at a meeting at Hotel Appleton last night, attended by 150 persons.

The visitors were the guests of Outagamie County Bankers' association, who were entertained at an elaborate banquet at Appleton's new hotel. Mr. Wagner was the first speaker on the program that followed. C. R. Prosser, president of the State Bank of Seymour, and president of the Outagamie County Bankers' association, acted as toastmaster.

The Successful Banker.
"The first answer that comes to mind is that a banker is successful as far as he keeps out of Leavenworth," said Mr. Wagner. "The banker is the custodian of the community funds. His business is of such nature that he also becomes custodian of much information, which, rightly used, can be of value to the community. How shall he use these funds and this information? If he should say, 'Safety and security shall be my only consideration in placing these funds, my problems will not be very hard ones. If he shall say, 'Support of community and local enterprises, even with due regard for safety and security,' he lets himself in for giving out information and opinions. The thoughtful and considerate banker finds it difficult to report on concerns and people that are having to use their credit freely in order to pull through. Judicious helpfulness here is due.

Loan to Beginners.
"I will suggest some of the things that I think a man should do, and the qualities he should have to make him a successful banker. He should be able to make small loans, say up to \$500, to young men and women of limited means. Some human touch going into the transaction, and the gentle bringing home to the borrower that the obligation is of more than ordinary sacredness will insure the payment of the loans and will make friends of the bank and often times life long friends whose influence in later years may prove of great value. This way of dealing makes for success for the bank not only, but for the borrower whose ambition is stimulated by the realization that he has been trusted by a banker.

"The successful banker will be cordial and friendly with and considerate of his fellow officers and all the people in this organization, whether he heads a small or a large bank. He will keep a cheerful and bright atmosphere throughout the banking office, which the customers will breathe as well as the workers. This cannot be done if the officers and clerks are underpaid."

Most Important Business

A. P. Lehner, an attorney of Oconto Falls in his address on "Law and the Banker" said in part:
"The business of banking is today the most important business of the entire world. It holds the key to prosperity; it is the stepping stone to success. It is the rock of adversity, and the stumbling block of failure. There has never been a business crisis in this country but the bankers were called on to remove the cause and to assist in restoring the country to normal conditions.

"It was money trouble that caused the panic of 1893. It was the manipulation of money that removed the cause. It was money that caused the panic of 1907 and it was the judicious distribution of money that allayed that panic. It was the banker and money. It is money and the banker and the two march hand in hand as the essentials of industry and commerce.

"When the great war with Germany came upon us unprepared, as a cyclone hits the plains of the west, the government of this great United

Philipp Calls State Solons To Meet May 25

Twenty-Five Measures Will Come Before the Wisconsin Legislature for Action—Short Session Is Expected By the Governor

By United Press Leased Wire
Madison—Governor E. L. Philipp today issued a call for a special session of the Wisconsin legislature to convene in Madison on May 25. The call lists 26 matters for the consideration of the law-makers.

Anti-rent profiteering legislation and bills increasing appropriations for the university, the state normal schools and increasing teachers' salaries will feature the session.

With the organization and committees of the last regular session holding over, there is no reason why the two bodies can not get down to work on opening day.

The anti-rent profiteering bill as introduced by Governor Philipp, executive council and approved by the governor's rent investigation committee, provides for enforcement by the state railroad commission. This is the plan originally proposed and basis suggestion from some quarters that enforcement be placed in the hands of city councils and tax assessors.

The measure calls for appropriation of funds for enforcement, the money to be expended as the governor sees fit.

8 or 10 Per Cent Maximum

It is believed that the bill fixes the amount of legal income from rented property at either 8 or 10 per cent of the investment.

Of the appropriation increase bills, those pertaining to the university and normal schools are the most likely to precipitate warfare on the floor.

One measure provides for increasing the mill tax rate for the university from 3% to 5% mills and for the normal schools from 1-6 to 1-3 mills. Based on the 1919 assessment, this would jump the university's income from \$1,525,890 to \$2,542,667. The normal school fund would be swelled from \$678,044 to \$1,356,089.

Another bill provides increased funds for university operation, maintenance and capital for 1920-21. The money to be derived from the property tax increased mill tax. The boost in university expenses is fixed at \$908,529, while the increase for maintenance is fixed at \$13,610.

Plan Building Improvement

The amount for capital is \$25,000 while university extension work will receive \$18,800. This measure also provides for an appropriation of \$90,700 from the general fund on July 1, 1920, for the construction and equipment of three floors of the west wing of the chemistry building.

Establishment of the Wisconsin General hospital is provided for in another measure, with the present university infirmary and the Bradley memorial hospital as a part of the institution. The bill appropriates \$750,000 for the erection of the hospital building, the appropriations being divided over a period of three years.

Another \$150,000 is provided for the erection of a nurses' home, while furniture and furnishings for the two structures is covered by a third appropriation bill of \$45,000.

Hospital Open To All

One section of this bill provides for treatment in the general state hospital of any resident of the state and in cases where the patient is unable to pay for treatment, the expense is to be equally divided between the state and the county in which the patient resides.

A bill will be offered providing for the appropriation of \$25,000 to be used as a revolving appropriation for the handling of explosives for land clearing work in Wisconsin.

Another measure provides for the appropriation of \$186,000 for the operation of normal schools. It calls for increased salaries for all members of the faculty and employees of the schools.

A measure will be introduced increasing the maximum limit on salaries paid supervising teachers and leaving the matter of salary increases to the county boards.

School Officials Benefit

Another increase, the pay of county school superintendents, those now receiving the minimum salary of \$1,200 to be boosted to \$1,500 and those receiving the maximum of \$1800 to be jumped to \$2,500. Minimum salaries for teachers in the public schools and a minimum rate of taxation are fixed in a bill drafted under the direction of the state board of education.

State aid for county training schools is increased \$1,000 by a bill to be offered.

When the session convenes organizational work will take up the floor for officers and committees of the regular session will hold over. Lucius Gov. E. P. Dillmer will preside over the session while Speaker Riley Youns will wield the gavel in the lower house.

TEXAS BANKERS ENTER FIGHT AGAINST H. C. I.

Dallas, Texas—Strength of Texas bankers were today thrown into the fight to reduce living costs.

Banks here responded promptly to the plea sent out in this federal reserve district ten days ago by R. L. Van Zandt, governor, urging curtailment of loans for speculative and investment purposes in an effort to stabilize credit and curb inflation. Van Zandt declared today.

Many big financial institutions of the southwest, in commenting on the statement, approved the idea. Bankers were reported lending only in "sound" cases—for productive and operative purposes.

Van Zandt declared the break in the price of merchandise was not surprising but refused further comment.

The Good Pals club will meet with Miss Frieda Bartman, Walnut street, this evening.

PLEA FOR PROBE OF BUS LINES OPENS LONG DISCUSSION

CHAMBER OF COMMERCE SUGGESTS CAREFUL INVESTIGATION OF NEENAH AUTO LINE

COUNCIL POWER LIMITE

Bus Owners' Lawyers Declare State Railroad Commission Regulates Operation of Lines—City May Collect License Money

Suggestion that the common council investigate very carefully the competition between the Wisconsin Traction, Light, Heat and Power company and the Appleton-Neenah bus line resulted in more than an hour of explanation and speechmaking at the council meeting in the city hall last evening. Services rendered by the competing companies were described at length and much eloquence was poured into the ears of the aldermen.

Perusal of the Wisconsin statutes indicates that the common council has no powers to regulate automobile bus lines authorized by the Wisconsin railroad commission, except that it may impose a license fee which must not be more than the busline's reasonable share of street maintenance. Who is to determine this "reasonable share" was not disclosed.

The councilmen listened attentively to the discussions and then abruptly dismissed the matter from their minds to take up other matters in the "committee of the whole."

Investigation Urged

After practically all other council business was disposed of, John R. Dierich, representing the chamber of commerce, explained that directors of the association at a recent meeting decided to go on record as favoring a council investigation of the bus line competing with the Wisconsin Traction, Light, Heat and Power company.

Mr. Dierich said the traction company has many thousands of dollars invested in equipment and track and that it is a community asset. Establishment of a competitive line which pays no taxes or licenses to Appleton is impairing the traction company's revenue and may in time reduce the value of the traction company bonds owned by Appleton investors.

Failure of the auto line to give service in the winter time when conditions are unfavorable for auto traffic was compared with the regularity of service provided by the traction company regardless of weather conditions.

He discussed the justice of permitting this competing line to share the traction company's business when the cost of operation is low and leave the traction company alone in the field when weather conditions make auto-mobiling more expensive.

Bus Lines Are Useful

Mr. Dierich said that the auto bus lines are an asset to the city and he has no fault to find with them but he did not believe it was fair to the traction company to permit a competitor to take away its business without any payment to the city whereas the traction company pays for part of the pavement on streets over which it passes and helps the city in other ways.

The danger of throwing men out of employment because the competition may force a curtailment of expenses was also discussed.

L. J. Marshall, also from the Chamber of Commerce, presented statistics to show the traction company's service to the city. He also told of the bus line's failure to provide service in the winter when operating costs are high and its willingness to take the summer when operating costs are comparatively low.

Want To Meet Committee

Mr. Dierich said that the Chamber of Commerce has no proposals to make to the council but is willing and eager to meet with a council committee empowered to discuss this problem and arrive at a settlement.

Two attorneys, Thomas H. Ryan of Appleton and Charles Vette of Neenah, presented the bus owners' side. Mr. Ryan said that he was not responsible only the bus owners and that the great general public by these bus lines rendered the public by these bus lines, justified their existence.

No Regulating Powers

Both men argued that the council has no power to regulate the auto lines; that its territory, schedule and routes are fixed by the Wisconsin railroad rate commission and therefore any ordinance designed to control their operation would be illegal. It is permissible, however, to force the bus owners to pay a license but this may not be so excessive as to force them out of business.

"In solving this problem you must apply the rule of reason," Mr. Ryan told the aldermen. "You must not consider the individual in this matter. The individual must submit to the will of the majority; you must consider what is best for Appleton."

He then went on to show how the bus lines had forced a reduction of street car fares between Appleton and Neenah and how public necessity has demanded the additional service.

Should Welcome Autos

"The street car company doesn't need protection," he said. "The bus lines are in the experimental stage and if you impose a heavy license fee you will force them out of existence and cause a most serious loss to Appleton. We should welcome these lines. They bring thousands of dollars in Appleton and help make the town prosperous. Why single out the Neenah bus line as an object for attack? It is not for the council to say when and where it shall operate. Its

Pick M'Adoo And Wood To Lead Field

Political Dopesters Hazard Guess That Wood Will Carry Republican Banner and McAdoo Will Head the Democratic Ticket

(By Harold D. Jacobs)
By United Press Leased Wire
New York—For the first time in the pre-convention political era, observers are willing to hazard a guess regarding the presidential nominees of the two major parties.

To the average person, the race still appears to be a "free-for-all" for the biggest field of aspirants ever to seek the presidency. But today and the situation may change overnight, certain "experts" believed the contest had narrowed down to these entries:

Republicans: Major General Leonard Wood, Governor Frank O. Lowden and Senator William C. McNamara.

Democrats: William C. McAdoo and Governor James M. Cox.

Of the republicans, Wood obviously is going into the Chicago convention with the greatest strength. There is practically no chance in the remaining primaries and state conventions, or through decisions on contested delegations for any of his rivals to overhaul him on "first choice" delegates.

On the other hand, Lowden is said to have the backing of most of the recognized party leaders, with the advantage this implies when the time arrives for "trading."

Johnson, it is believed, may be maneuvered into stepping down this year in return for promised support from all factions in 1924.

The democratic situation just now seems to be "McAdoo against the field," and the opponents of the former secretary of the treasury are reported to have united on Cox as the one candidate with a chance to defeat McAdoo at San Francisco.

They hope to control New York, Pennsylvania, Illinois, Indiana and New Jersey solidly. This is a block of 282 delegates. That leaves but 708 and 728 are necessary for a choice.

GONZALES MAY BE TEMPORARY CHIEF OF THE MEXICANS

APPOINTMENT AS PROVISIONAL HEAD MAY BE REWARD FOR WITHDRAWING CANDIDACY

By United Press Leased Wire
Mexico City—(By E. A. Pablo) Gonzales probably will be rewarded with the provisional presidency for his agreement to withdraw his candidacy in the coming elections. It was reported here tonight.

Advices in the capital indicated the situation throughout the country gradually was returning to normal. The outlook for formation of the new government was considered bright.

Oregon was acclaimed by the people when he arrived at Queretaro and San Luis Potosi, according to advices. He did not carry his reported plan to proceed to Tampico.

Flock to Capital

General Carranza, who has been operating in Durango and Chihuahua, is coming to the capital with five thousand men, it was reported tonight.

General Calles was expected to arrive with his contingent some time this week. All revolutionary leaders planned to reach the capital by next Monday when the provisional president will be chosen. Even Francisco Villa was reported to have pledged himself to work with the revolutionary government.

Senor Ascaro, acting foreign minister, has notified all Mexican diplomats in foreign countries of the overthrow of Carranza and asked them to secure recognition of the revolutionary government.

An unconfirmed report was circulated tonight that Carranza had advised the provisional government here he was ready to sign his resignation. Embassies were said to have been sent to confer with him.

HOUSE REPUBLICANS ENDORSE BONUS BILL

G. O. P. LEADERS EXPECT ENOUGH DEMOCRATIC VOTES TO PASS THE MEASURE

By United Press Leased Wire
Washington—The soldier bonus bill approved by the majority of the republicans in a caucus last night, will be passed by the house within the next few days, republican leaders today predicted.

Despite opposition of the treasury department and the administration to any bonus, the republican advocates are certain that enough moderate will vote for the bill to frustrate any effort to block its passage.

Plans were to report out a special rule from the rules committee today making the bill in order on Friday or Saturday. It is doubtful, however, if the senate will act before the session recesses early in June.

The republicans last night approved the bill it has been revised by the ways and means committee by a majority of nearly 3 to 1, the vote being 116 to 39. The action was taken against the advice of leaders.

Mrs. John Lutz has returned from a several days' visit with friends at Oshkosh.

MAYOR AND EIGHT OTHERS SLAIN IN REVOLVER FIGHT

BATTLE BETWEEN EVICTED STRIKERS AND DETECTIVES RESULTS IN MANY CASUALTIES

SOLDIERS CONTROL CITY

Situation is Critical as Guards Patrol Streets—Mayor of Matewan is First to Fall in Battle—Detective Head Dies

By United Press Leased Wire
Huntington, W. Va.—Nine men were killed in a gun battle between Matewan town officials and citizens and private detectives at Matewan late yesterday.

Mayor Cabell Testerman was the first to fall. His killing set off a fusillade of shots which subsided after nine men lay dead in the street of the little mining town.

The mayor was killed by Albert Felts, chief of Baldwin-Felts detectives.

Felts, it was said, was instantly killed by Sid Hatfield, chief of police of Matewan. A general revolver battle followed. The firing lasted until the detectives who survived the gun play, had fled.

The gun battle was the sequel to the visit of the detectives to Matewan to evict from the homes of the P. M. C. and Stone Mountain Coal companies, the families of miners who recently went out on strike.

State constabulary arrived in the town early today and took charge of the situation. No further violence was expected.

The battle in the streets came as a climax of a fight over a new miners' union. Organizers worked in the district several weeks forming the new union.

Detectives were hired by the company to hunt members of the union. Former members of the Stone Mountain Coal company were reported discharged and evicted from company owned homes because of membership in the union.

The detectives were at the Norfolk and Western station waiting for a train when the fighting opened. Reports varied as to how the fight started.

The sheriff said the mayor interceded for men evicted from their homes. As the mayor was talking to Detective Felts, the sheriff said, he was shot down. In addition to the mayor and Albert Felts, the death list, according to advices here, included:

Detectives L. C. Felts, E. O. Powell, A. J. Bolter, J. W. Ferguson, L. N. Brown and C. B. Cunningham; Robert Mullins, union organizer, and William Rohera, a miner.

NO MORE FINANCIAL HELP FOR GERMANY OR ALLIES FROM U.S.

WILSON AND HIS CABINET AS-TOUGHED BY FINANCIAL AGREEMENT OF THE ALLIES

(By A. L. Bradford)
By United Press Leased Wire
Washington—President Wilson and his cabinet have decided that the allies and Germany must work out their own financial recovery unaided further by the United States. It was learned today.

This important decision is understood to have been reported at the cabinet meeting on Tuesday. It is believed to have been precipitated by the financial agreement reached by twelve European, and Premier Millerand, of France, last Sunday at their conference at Hythe, England.

This agreement would heavily involve the United States.

The following provisions of this agreement are regarded as "inconceivable" by this government.

Beats Against U. S.

That the inter-allied debts, such as the French debt to Great Britain of billions of dollars, be liquidated only as Germany pays off her indemnity.

This system would react against the United States. It is held, holding up the liquidation of Great Britain's debt of billions of dollars to the United States.

That there be a "capitalization" of Germany's indemnity obligations, presumably through the flotation of a German bond issue, the bonds to be discounted by the United States in order to give Germany the funds necessary for the resumption of her economic life and to prevent the spread of bolshevism throughout central Europe.

MICHIGAN DEMOCRATS SPLIT ON PROHIBITION

Detroit—Michigan's delegation to the democratic national convention was divided today on the prohibition question and as a result will cast a divided vote at the San Francisco convention.

Delegates at their state convention here yesterday voted 925 to 269 in rejection of a motion to instruct the delegation for a prohibition plank.

The delegation was not instructed as to presidential preferences.

Can't Fool People With Party Planks

Vice President Marshall Defends League of Nations in Address Before Indiana Democratic Convention

By United Press Leased Wire
Indianapolis—The league of nations "in defense of which views President Wilson has broken his body" was defended here today by Vice-President Thomas R. Marshall in an address before the Indiana state democratic convention.

Marshall declared party platforms do not fool the people.

"Gentlemen who play politics for a living or a sport," he said, "imagine they can present by political platforms most questions and demand that the American people render judgment upon those and none other. They are mistaken."

Marshall declared he had little hope of "lighting with my little rush light the chimerical darkness which now envelops the league."

"A life long advocate of resort to courts and not to force, I gave my unqualified endorsement to the altruistic views of the president, in the defense of which views he has broken his body," said Marshall.

Rebuild The World.
"The world is to be rebuilt," he said, "and America is to be rehabilitated. Blood, lust, passion, envy, greed have disintegrated the reason of many good men; and the world around the label of language by which men hoped to reach Heaven has been transmuted into a babel of conduct with a like purpose. Everyone knows what the other fellow should be compelled to do. Few admit any personal responsibility for good government."

Referring to alleged extravagances during the war, he said:

"There was extravagance, I admit, but governments act like individuals and should be judged the same way. We refuse to trust to the good sense of the American people to approve of what was done to the end that the war might be brought to a speedy and successful conclusion."

Chance to Withdraw

Regarding the league of nations, he said:

"I did not and do not like the forms of government of many of the contracting nations; nor the diplomatic views which those forms of government might bring into the league of nations. I did not know of the good faith nor had I felt assured that the covenant provided a way in which, if we discovered we were losing any of the rights and privileges of American citizens or that our government was yielding to other governments any of the duties it owed to its citizenship, we could with honor withdraw from the league."

NEW YORK STORES SLASH PRICES TO TURN OVER STOCK

CURTAINMENT OF CREDIT IS FORCING MERCHANTS TO UNLOAD—EFFECT MAY BE BAD

By United Press Leased Wire
New York—Broadway and Fifth avenue stores today have the appearance of a huge bargain counter.

Scores of merchants joined in the price-cutting movement. Apparently no effort was made to restrict the bargains in these places, a reduction of from 25 to 70 per cent being announced on all goods.

Newspapers continued to carry columns of advertising announcing reductions.

Bad for Business

Restriction of credit was given as the main reason for the reduction. Merchants were forced to turn over their goods in a hurry to raise cash to meet loans.

"If the restriction of credit as outlined by the federal reserve board in Washington, causes a reduction in production, the law of supply and demand will keep prices up in the long run," Francis H. Sisson, vice-president of the Guaranty Trust Company, stated today.

Movement Spreads

Cleveland—Shops in all parts of the state were joining the price-cutting movement, reports here today indicated. Ten cities, including Cleveland and Cincinnati, are now in line.

Aside from Cleveland and Cincinnati, other Ohio cities already participating in the plan are Akron, Columbus, Canton, Warren, Dayton, Youngstown, Conneaut and Hamilton.

MIDDLE WEST BANKS PUT CLAMP ON LOANS

Chicago—Banks in the middle west began shortening loans in hope of easing the financial situation several weeks ago. It was stated in banking circles here today.

Loans for speculation are being turned down flatly and merchants are notified to pare their needs to the bone. Borrowers are not being pressed at the point of disaster, but they are urged to limit further loans and to get along on what they have.

Federal reserve officials here today said the credit situation was not critical but people must use care.

WASHINGTON NEGRO IS ELECTED BISHOP

Des Moines—The Methodist general conference elected the Rev. M. W. Clairborne, Washington, D. C., a bishop on eleventh ballot cast last night, the vote announced today showed.

The election of Dr. Clairborne completes the number of new bishops recommended by the general conference.

CAREFUL METHODS DEFEAT ATTACKS OF CHURCHY KOST

SISTERS IN CHARGE OF ST. ELIZABETH HOSPITAL KEEP RUNNING

MORE STORAGE ROOM NEEDED

Even Bigger Savings Could Be Made if More Room for Storage Was Available—Prepare Meats for Hospital Use

There are in Appleton today several thousand people who daily sigh for the good old days when it was possible to walk into a meat market, lay twenty cents on the counter and get enough bacon to have real breakfast for a week. In those good old days 25 cents a pound for ham was an outrage and eggs at 25 cents a dozen was a hold-up. Dried beef of the most luscious kind could be purchased for all the way from 20 to 35 cents a pound. But that was in the good old days.

There is a place in Appleton, however, where 20 cent bacon, 18 cent ham and 22 cent dried beef is still a reality. Surrounded by the forces of General H. Kost, the Sisters in charge of St. Elizabeth hospital have somehow managed to produce the ingredients of a first class meal at a price entirely out of keeping with the modern trend but more in harmony with the poor man's pocketbook.

Understand Efficiency

It was intimated in a previous article that these Sisters are past masters in the art of efficiency and curtailment of waste. The extremes to which these virtues are carried cannot be entirely understood without a personal inspection of the hospital.

Every ounce of bacon, ham and dried beef used in the institution is prepared by the Sisters themselves, resulting in a saving of about \$300 a month. The raw meat is purchased in large quantities on the open market when prices are most favorable. Ham, bacon and dried beef is prepared as it is needed. There is always a quantity of it in the smoke-house which is in the hospital basement and another quantity is in the brine barrels, ready to be smoked. In this way nothing but the freshest and the cleanest meats are served the patients and it goes without saying that extreme care is taken to keep the meat storage houses in the most sanitary condition.

Buy in Quantities

Meats of all kinds are purchased in quantities wherever it is possible and the art of meat cutting has been developed to such an extent that there is practically no waste.

A glimpse in the store room for canned fruits, preserves and canned vegetables would fill the heart of any thrifty housewife with envy. Every quart of vegetables used in the building was canned by the Sisters from the product of their two or three acre garden. More than 4,000 quart cans were filled with fruits, jellies, preserves and vegetables last year.

Need More Store Rooms

This work was done in a kitchen not much larger than in the ordinary home. Filled cans are set in orderly rows wherever it is possible to set a row. The store rooms are in the basement but because none of them are large enough, cans are piled in a half dozen rooms.

Miss Mamie Shields of Los Angeles, Cal., is here for a short visit with relatives. This is Miss Shields' first visit here in several years. Mrs. H. H. Brennan of Oklahoma, is also visiting in the city.

AMATEUR ACTORS SHOW REAL CLASS IN EXCELLENT PLAY

HIGH SCHOOL THEATRE PRESENTS "THE GIRL IN FINISHED MANNER" TO THE CROWD

"The Girl" as played by the high school seniors last evening at Appleton theatre, was a pronounced success. The building was packed to the doors with an enthusiastic and appreciative audience. The play was a four-act comedy drama. The students formed the cast and all took their parts with apparent ease.

Special appreciation was expressed by the audience for the work of Miss Sylvia Bendi, who played the part of Yosobel Ryder, the supposed daughter of an American renegade. The play was a four-act comedy drama. The students formed the cast and all took their parts with apparent ease.

was played by John Wochler, who also played his part well. The play opens with a scene in a Mexican home, where Lausung meets Yosobel and her mother, Kate Ryder. It is schemed to sell the girl to Juan Cueto, a Mexican, in the person of Harry Stevens, but the plot is thwarted by Lausung and by Robert Conners, a New York lawyer, the latter played by William Buchanan. The girl is taken to New York where she poses as the supposed lost heiress of Mr. Elgie Livingstone, a rich society lady, this role being taken by Miss Laura Sievers. Doubt of her identity is maintained by Richard Vaulbrunt, a young aristocrat, represented in the person of Roger Tuttrup. The appearance of Jim Ryder in the home brings his confession that he stole the girl and her identity as the true heiress is established. Miss Myra Buchanan did excellent work in the role of Idaleene Van Brunt, a niece of the society woman, and the droll humor and satirical actions of Harold McGilgan playing the part of Clayton the butler, also drew many a laugh. The play ends in a love affair between Yosobel and Lausung.

Joseph Werbelowsky of Seymour visited here Wednesday.

YOUNG LINEMAN IS INSTANTLY KILLED LATE YESTERDAY

RAYMOND HOELZEL OF DARBOY, ELECTROCUED AT SEVEN HOUR NO WITNESSES TO THE ACCIDENT

Raymond Hoelzel, 20 years old, a third class lineman employed by the Wisconsin Light, Heat and Power company, was instantly killed in the city of Seymour about three o'clock Wednesday afternoon when he grasped a live wire. About 2,000 volts passed through his body.

The decedent was a son of Mr. and Mrs. John Hoelzel of Darboy. He had been in the traction company's employ since December. It was explained at the traction company's office that a third class lineman works only with "dead wires" and it was therefore hard to explain how he came into contact with a "live" wire.

There were no witnesses to the accident, it was said. The foreman of the construction crew happened along shortly after, however, and saw the dead man suspended from the wires at the top of the pole. He had one hand on a live wire over his head.

The young man is survived by his parents, sister, Adelia; five brothers, Emmons, Florian, Wilfred and Alexander, all of Darboy; George of Appleton.

The funeral will be held at 10 o'clock Saturday morning from Holy Angel church, Darboy. Interment will be at Holy Angel cemetery.

FOR SALE 50,000 FEET DRY MAPLE AND BEECH INCH LUMBER—MILL RUN, B. EMM, STURGEON BAY, WIS. 5-20

BRANDT BOYS LOOK FOR A WIN SUNDAY

FOX RIVER LEAGUE TEAM WILL PRACTICE WITH STICK FOR GAME WITH NEW LONDON

Everything is in readiness for the opening of the Fox River valley baseball league season here Sunday afternoon when New London and Appleton play in the new park on Second avenue. Work on the home of the August Brandt Company team has been completed and the park is one of the best in the circuit.

It is expected that more than 1,000 people will be out to see the locals in action for the first time this year on the home lot. A big crowd of rooters will be down from New London. It has been decided to charge fifty cents admission to the game, the same price in vogue over the circuit.

Patting Practice
Manager Sylvester is confident that Sunday will see the start of a winning streak which will carry the locals to the top of the heap. The Brandt Boys will work out Saturday afternoon and a fast batting practice is expected to develop additional slugging power. With Bruce Noel in form, the locals should have little difficulty in pounding out a victory.

New London, Oshkosh and Kimberly are tied for first place in the standings. Each team has won 2 and lost 1 game. Appleton is fourth, with one victory and two defeats. Kaukauna and Menasha both have the same percentage, as Appleton.

DANCING AT WAVERLY EVERY TUESDAY, FRIDAY EVENING AND SUNDAY AFTERNOON AND EVENING. 5-22

RURAL SCHOOL PUPILS PRESENT FINE PLAY

The young people of Underhill and Hillsdale schools presented a home talent play to a large audience Tuesday evening, May 11. The cast was exceptionally good, and the play pleased the big crowd. The proceeds amounted to \$115.

The cast included James and Ruth Heenan, Fred Hoffman, Amanda, Arnold, Laura, Martha, Richard, Selma and Victor Jantz, Orville and Ralph Koehnke, Catherine and Loretta McCarthy, Elmer, Laura and William Schroeder, and Earl Zeh.

SCHOBERT TO GRAPPLE JACK BOYER AT MADISON

Billy Schobert, who held Johnny Meyers, middle-weight champion, to a draw in a two hour bout here recently, has been matched to meet Jack Boyer, Cincinnati grappler, at Madison Saturday night. Billy is a great favorite here and the result of the contest will be watched with keen interest by local fans.

Schobert arrived in Madison Wednesday and will complete his training at the capital city. Marty Matsuda, the Jap, who meets Kid Olson in the other half of the all-star card, will be Schobert's sparring partner.

FRAT LEAGUE LEADERS MEET THE FETAS TODAY

Delta Iota and Beta Sigma Phi teams of the inter-fraternity baseball league will meet this afternoon at Lawrence field in what promises to be a hard fought battle. The Delta are leading the league with an unbeaten record, and are confident of slipping over another win.

SEVEN TRACK STARS TO GET HIGH SCHOOL "A"

Seven members of the high school track team which won second field at the Stevens Point meet last Saturday, will be awarded the "A" given a member of the team placed in at least one event. Those who will receive "A's" are Gehring, Schmiege, Brice, Ornstien, Wood, Courtney and Purvi.

A. T. Jones visited at Milwaukee yesterday.

PIANO STUDENTS TO PRESENT RECITAL

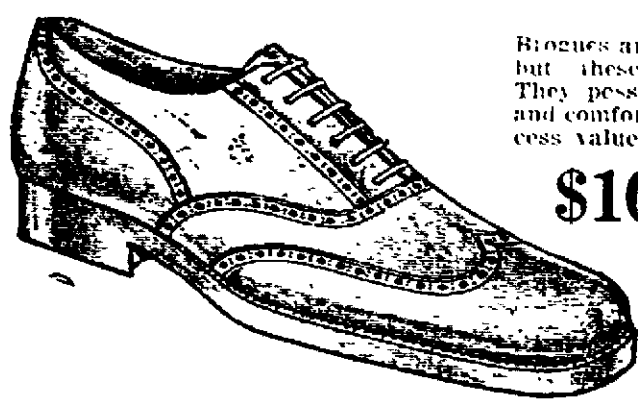

Pupils of Miss Lora Zahrt will give a piano recital at her home at 559 North Division street, at 8 o'clock Friday evening. Following is the program:

Stand by the Flag Stults
Harold and Marguerite French
May Day Bugbee
Rosebud Erb
Arvilla Krautsch
Miniature March Brunoff
Boating Song Erb
Leila Van Heuklon
Grace Waltz Cramm
Bennie Raloff
Maypole Dance Bugbee
April Showers Livsey
Jane Pierce
Young Folks Dance Paloverde
Irene Wilson
Meadow Waltz Willis

Heigh Ho! Rolfe
Margaret Schneider
Gavotte in C (Violin and Piano) Lange
Op. 8 No. 1 Pleyel
Oscar Holt and Harold French
Golden Buttercups Lawson
Song of the Katydid Kern
Mildred Koehnke
In the Boulogne Forest Gabriel
Sweetheart Waltz Kern
Little Boy Blue Engelmann
Virginia Westphal
Little Drum Major Engel
Bright Daisies Cowper
Kenneth St. Clair
Ting-a-Ling Spaulding
Virginia Westphal, Bernice Schmiege, and Arvilla Krautsch
Katy Dids Spaulding
Ethel Froehlich
Swinging Lewis
Old Memories Spaulding
Fairy Prince Evans
Bernice Schmiege
Thistle Down Read

Rosetta Selig and Elizabeth Meating
Singing Song Ellis
Madeline Piette
On the See-Saw Ellis
Madeline Bellin
Meditation Morel
Guitar Hetsch
Dorothy Lang
Magic Fire Music—Die Walkure
Dorothy Branner and Miss Zahrt
By the Sea Moter
Dorothy Branner
Friedrich Froelich Spencer
Mildred Eberhart and Isabelle Schmit
Flight of the Gipsies Hummel
Matie Holmann and Miss Zahrt
Ladies' overalls aprons in percale and gingham, light and dark colors. Special values at The Fair. 5-20
The Rev. Paul Herb of Stockbridge, visited here Wednesday.

Brogues Have "Made Good"

Brogues are general favorites but these particularly so. They possess style, strength and comfort and give you "excess value."

\$10 to \$18

Young men picked the brogue as a winner. They were right. Today it's one of the most popular styles in men's shoes.

This style is still new enough to be snappy. It's been out long enough to make a name for itself. There is a big demand for it and we are ready to meet it.

THE PRICE DECLINE

The news dispatches yesterday carried reports of price reductions in many commodities from a large number of cities. It seems to be a concerted movement on the part of business interests to put an end to the upward trend of prices and force a downward tendency. There is no doubt that both industry and business have it in their power to assist effectively in the effort of bankers to bring about orderly deflation.

Within the last six months the federal reserve bank has been utilizing its control over credit to discourage and curtail speculation. It has succeeded to an eminently creditable degree. Loans of this character have been reduced by hundreds of millions of dollars. During the last three weeks, according to a prominent trust company of New York speculative credits have been cut down by something like \$100,000,000. All this is for the good of legitimate business. Furthermore it has forced liquidation by speculators to the point where it is being felt beneficially in trade and business.

Price reductions were certain to follow the attack upon speculation, provided only that it continued for a sufficient length of time. With the federal reserve bank and banks in general restricting credit and keeping the screws down tight on speculation, results are finally beginning to show. It is held in New York that this is directly responsible for the first wave of price cutting, and there can be little doubt that this is the correct view. Sound and safe deflation must necessarily commence with credits and the conservation of money. If credit is not available for speculation, the commodities involved must sooner or later feel the effects.

The influence of the break in prices can hardly fail to extend itself into every part of the country and to eventually include practically every commodity. That it will be followed by still further reductions and a continued downward movement is also probable. There is another element which will help the situation. Prices had finally reached a level at which the public was commencing to stop buying. The pyramiding had gone too far. Demand in many lines is reported to be falling off at the consumer's end, and that is the end from which the waters back up. The public has it in its power to greatly assist the price reduction movement, and it should and in all probability will utilize it.

In this connection labor should not forget that the turning of the price tide is a hopeful development which it in its turn should help to promote. It can do this by refraining from strikes and by contributing to increased production. Every strike and consequent interruption of production reacts against labor in general, by putting a premium upon the commodity affected and perhaps other commodities and, furnishing an excuse for or actually compelling an advance in prices.

The reaction against excessive prices is a healthy sign. It indicates that we have probably reached the summit, and that from this time on we may expect improvement in a situation which had become of national concern. If the process of "revision downward" can be made to work gradually and smoothly we ought to go through the period of readjustment without serious consequences and without interruption of prosperity.

MOVIES

Of the 110,000,000 persons in the United States it is safe to say 60,000,000, or three-fifths, go to the movies. This includes men and women and children. The effect of movies, then, from a propaganda standpoint, on the lives of the people must be tremendous. It is not an exaggeration to venture that this

power, which has sprung into being within the past 10 years ranks as one of the strongest influences with human beings.

Therefore, the country must be guaranteed only the best pictures from a moral viewpoint, if from no other. Of late, pictures have seeped through boards of censorship which should have gotten no farther than the eyes of the members of these boards. It is very well to say that there must be freedom of this and freedom of that, but some moving picture producers take advantage of the weaknesses of men and women and youths.

Movies are splendid things; they furnish amusement to the people at a fairly reasonable sum, amusement to many who possibly could not afford anything better. The situation is a call to writers of clean, strong plots and human characters. Their responsibility is tremendous, and the responsibility of municipal censorship is equally great. It should stand as the final barrier between unfit pictures and the public.

BRITAIN PAYS HER WAY

Great Britain is the first European beligerent to resume paying her way. There will be no more Lorrowing by the British government to meet its expenses. Taxation now is sufficient to meet financial demands.

Austen Chamberlain, chancellor of the exchequer, announces that for the present year the receipts of the British government will be \$7,091,500,000 and the expenses \$5,920,500,000. This will leave a balance of \$1,171,000,000 which will be used for the liquidation of the war debt. Next year there will be \$1,500,000,000 for liquidation. At this rate, Great Britain will have paid off what the war cost her within twenty years. Not even the United States with all its vast wealth plans to retire its war bonds more rapidly.

The British people are demonstrating that they are back on their feet. They are shouldering greater taxation burdens than any other nation. They are giving an extraordinary demonstration of financial power. Pessimists who have been predicting bankruptcy for all Europe might well study what England is doing.

British gold has saved Europe more than once. British financiers are now at work to prevent continental Europe from becoming bankrupt. The remarkable budget statement of the chancellor of the exchequer is the best possible proof that they will succeed. British solvency cannot be doubted any longer by the most skeptical.

MISSISSIPPI PLAYS PECULIAR PRANKS

Memphis.—Memphis would like to reach some understanding with the Mississippi River. Thousands of dollars were lost when the stream underrived parts of freight terminals, allowing them to fall into the water. The same stream that washed away this land, deposited a whole island in front of the wharves, handicapping shipping.

GOOD BUY FOR ANY POOR AMBASSADOR

London.—The plea for an increase in ambassadorial pay would seem to be emphasized by this advertisement which appears in a London paper: "Privy councillor's, or first class diplomatic, rich gold-embroidered full dress coat in good condition. Could be converted into ambassador's."

WAR WRECKAGE IS CHERISHED

Bussels.—Contract has been let for clearing the city of Ypres. It is specified that the space surrounding certain historical buildings and landmarks in the fighting area is to be left uncleaned, the heaps of rubbish remaining as a war memorial.

EGYPTIAN BARBERS HUNGRY FOR TIPS

Cairo.—Barbers in the provinces have petitioned the government for money allowances. They complain that the ancient custom of giving them regular gifts of grain has been abandoned by landowners because of the high prices obtained for cereals.

HEALTH TEST URGED FOR MISSIONARIES

Pekin.—A resolution has been introduced in the medical conference urging that all missionaries and members of their households be examined twice a year. It is said that typhoid, dysentery and small-pox are rampant among foreign teachers.

FAKE HONORS SENT AS "JOKE"

London.—Official notice has been published that large numbers of honors, including at least one knighthood, "awarded" through the mails to numerous merchants and farmers in the district of Spaldershire, had been the product of some practical joke. No one is hurt.

CUTS PRICES, BUSINESS BOOMS

Chicago.—Twenty per cent more people have come in line at Wagonwheels' "concerned" restaurants in the last fortnight because of 5-cent cuts in prices of seven dishes. Profits have not decreased.

SINN FEINERS ACT AS MAIL CENSORS

London.—Sinn Fein letters seized mail bags and other moving letters they were returned, returned to the postal authorities, marked, "Passed by Sinn Fein."

MINNESOTA TOWN MORE DEAD THAN ALIVE

Red Wing, Minn.—This town has more graves in the cemetery than living inhabitants. Herman Panchuk, 60, in 31st year as cemetery superintendent.

PUBLIC BEHAVIOR UNTIL BLOW CAME

St. Paul.—On Monday, the day after the 100th anniversary of the battle of Gettysburg, the public behavior was unusually good. The blow came: price of ice advanced 27 per cent.

At their present rate of consumption, foreign oil producing countries have enough to last them more than 250 years.

HEALTH TALKS

BY WILLIAM BRADY, M. D.
NOTED PHYSICIAN AND AUTHOR

Dr. Brady will answer all signed letters pertaining to health. Writers' names are never printed. Only inquiries of general interest are answered in this column, but all letters will be answered by mail if written in ink and a stamped, self-addressed envelope is enclosed. Requests for diagnosis or treatment of individual cases cannot be considered. Address Dr. William Brady, in care of this paper.

UNROMANTIC HYGIENE—4

Corsets
Should a girl begin to wear corsets at, say, eighteen or thereabout, for the purpose of molding her figure and keeping her from growing ungainly? Yes, says Mrs. Camp. No, says science, experience and common sense, for nowadays a great many young women have found that a youthful figure is as well preserved without corsets, and a great many others have unfortunately found that corsets do not mold or preserve the figure but rather tend to produce the very effect Mrs. Camp thinks the corset should prevent. Sometimes women ask why it is, then, that women of the peasant classes look like bags tied in the middle after a few years without corsets, whereas—but right here we have to remind them that the most becorseted women in the world are our idle frivolous American women—and for baggy figures, can you beat them?

The temporary effect of corsets is increase of intra-abdominal tension, a sense of security, a better circulation, and even, for the time being, a momentary effect upon the development of the corset has taken up, with lowering the intra-abdominal tension, the encroachment of slouchiness or flabbiness, the accumulation of masses or rolls of slack tissue, superfluous fat, poor circulation, and a loss of that feeling of vim or vigor which goes with proper muscular development and is commonly called pep.

One of the most striking features of the harm done by corsets manifests itself through the instrumentality of the circulation in the form of the painful difficulties suffered by so many young women. Women physicians in women's colleges have found that these troubles may be prevented or cured in a great many cases merely by the practice of simple abdominal breathing exercises—and corsets of course embarrass or prevent normal abdominal breathing.

Young women who desire to attain not only the most perfect possible appearance but also the best possible health will simply save themselves the cost and nuisance of corsets, and, by reasonable physical training, develop their own muscles to support the body. Even fashion approves the so-called corsetless figure today.

QUESTIONS AND ANSWERS

When to Go Swimming
Please tell me when is the right time for a boy to go in swimming. I mean how early in the season or how late in the season is it all right for a boy to go swimming. (E. D.)

ANSWER—If he were my boy, Eugene, he could go in swimming as early or as late in the season as he pleased, and the earlier and later he should go in the better it'd be pleased. I always like to see boys—yes, even girls—enjoy themselves in a wholesome, healthful, physically beneficial way.

The Laziest Man

Dr. Brady has discovered the laziest man in North America. The fellow writes as follows: "After glancing over your column I decided to write for a copy of the Metabolism Symphony. I will give it a good trial."

And he encloses the following items: (1) One blank envelope, with no mullage on the flap; (2) one slightly used one-cent stamp of an antique vintage, worth perhaps 20 cents to a collector, but only one cent to the Salvation Army; (3) his initials.

Oil of Sesame for Skin and Scalp
Some time ago you recommended as a skin oil or scalp oil the oil of sesame prepared with some other ingredients. I had some prepared by the pharmacist and used it with wonderful results. But I now live in another city and have lost the formula. Please publish that formula again—I am sure many women will be glad to use it. (Mrs. A. R. C.)

ANSWER—The advantage of sesame oil (also called benne oil) is that it does not dry and clog as do almond oil, vaseline and similar cosmetics. One ounce of oil of sesame is rubbed up in a mortar with five grains of benzoin and digested for three hours over a water bath, with the addition of three drops of absolute alcohol, then filtered. To apply it to the scalp (for excessive dryness of the scalp or hair) use a few drops with a medicine dropper once a day. A few drops once a day will be sufficient for the skin of face or hands or any other portion of the skin.

TWENTY-FIVE YEARS AGO

Thursday, May 23.
A son was born to Mr. and Mrs. William Pelton.

W. H. Vandergrift visited Milwaukee on business.

Attorney Moses Hooper of Oshkosh attended circuit court which was in session.

Forty cars of pulpwood, 450 cords, were received from Long Tail Point.

William Wilson was elected as a delegate to the national convention of the Grand Army of the Republic.

Dr. and Mrs. J. R. Reilly returned from an extended visit to La Crosse, where the doctor had been surveying property for the Valley Terminal Railway began work at Kaukauna, locating the line in that city.

Mrs. E. Gerechter entertained a company of young people at whist in honor of Miss Dora Strauss, of Ripon, who was the guest of Miss Rose Ullman. The prizes were awarded to Mrs. D. F. Hammel and David Mosca.

Sidney Woolkey rode his new Sterling bicycle from Oshkosh to Appleton in one hour and ninety minutes.

The big steam engine at the mill of the Patten Paper company had been in operation for several days and was doing its best to keep things moving during the low water period.

Improvements were being made to some of the cottages at Lehighurst. G. M. Miller was making several interior changes to his cottage. Dr. E. Stanbury was adding a second story to his, and F. W. Harriman had started work on addition to his.

The Star Whist club had its final meeting at the home of Mr. and Mrs. M. M. Valentine. The winners of the prizes were Mrs. Abbie Goodland, C. A. Green, Mrs. A. C. H. Baker and D. E. Reed.

G. A. Schwartz and Mr. Mattie L. Burdick were married at the Congregational church parsonage.

COURT TELS BRITISH DOG

Monks Riborough, Eng.—Miss Bettie Dancer, woolly dog Bob, sentenced to death under English law for "knocking down a human being," has been set free after a hearing before a court headed by Lord Palmer.

PLENTY OF ACTION BUT NO BLAZE

Dallas, Tex.—Fire trucks tracked through dark and stormy night, but at a parked flyover, but shrieked at. At Leo Kahn's shoe store they found the watchman had locked himself in and pulled the fire alarm for help.

Confessions of a Bride

(Copyright, 1920, by The Newspaper Enterprise Ass'n.)

THE BOOK OF ANN

I Get an Insight Into Ann's Early Morning Beauty Exercises
Some things Ann can do much better than Chrissy or I. She can bow most charmingly and dance divinely. She is as limber as a professional dancer. Chrissy and I discovered one morning how she keeps fit. We went to her room to ask her to walk with us in the big Lorimer park. It was a most alluring spring morning, but Ann wasn't up. She preferred to take her exercises in bed, she said.

It seems that she has learned a lot of clever beauty stunts from her mother, who had to keep her muscles flexible, for she never could tell when a scenario would require her to jump from a bridge to a moving train, or to slide down a rope on the inside of a conflagration.

Chrissy and I had never guessed that movie artists have to work all the time in order to earn their salaries. Ann's exercises made a great hit with us. I copied her list—it was made by a very famous physician. Over the top of it I scribbled "How to Keep a Lovely Figure."

Before exercising, one ought to have all the windows of the room opened wide. Of course, one doesn't have to get out of bed to open the windows if one has slept as one should, with them open all night.

Ann's exercises in bed can be condensed in these words:

1—Tense the leg muscles from the toes to the body. First extend toes as far as you can, then grip by forcing toes toward the heels, at same time making muscles of the leg hard to the body. Relax, tense again, alternate movements five times, relax and rest.

2—Tense hands and arms in the same way. Extend fingers as hard as you can, making muscles hard to shoulders, grip fingers, shut first, hardening muscles to shoulders. Repeat five times, return to leg exercises, then back to arms.

3—Tense the abdomen, making it as hard as possible, at the same time knead the abdomen with the hands.

4—Push the pillow under the hips and go through the movement of riding a bicycle.

5—With legs extended in the air, move each leg from side to side, allowing one to pass over the other.

6—Sit up in bed and sway the body from side to side as far as you can, then forward and backward, and from side to side as much as possible, compelling the spine to bend from the small of the back up to the head and forward and backward. This exercise loosens up the spine and invigorates the nerves that are sent to the lower part of the body. Then follow with a twisting movement, attempting to look over the shoulders.

7—Get on the knees and elbows, then push the body forward as far as possible without falling on the face. Then push back as far as possible. Go back and forth while in this position until tired. Then drop first the right and then the left shoulder while the hips are elevated.

Ann also had some exercises for improving the neck, but these Chrissy and I decided not to use. Chrissy had heard of cases of goiter which have developed when girls too zealously twisted and turned their heads in order to fill out the hollows in their necks.

Keeping at her exercises was the one thing Ann persisted in.

"Why?" I asked her one morning. "I wouldn't lose my shape for anything in the wide world!" she replied as seriously as if she were speaking of a life-and-death matter.

"Oh la! la!" said myself to myself. "Jane Lorimer, I guess you can put your one special worry out of your mind!"

G.O.P. Convention Snap-Shots

The Story of 16 Nominations
By A. H. VANDENBERG

Third Convention

The third Republican National Convention met in the midst of Civil War. And though acrimony, dissensions and disappointments threatened Lincoln from all sides, destiny had plain sailing when the clans finally gathered at Baltimore on June 7, 1864. Prior thereto the famous "Pomerooy Circular" had unsuccessfully tried to rally the party to Chase—declaring Lincoln much too willing to compromise with the rebellious South. Later, other insurgents similarly-minded met at Cleveland and, in the name of 15 states, actually nominated Fremont, who a few weeks later withdrew. A third anti-Lincoln cabal, engineered from New York, sought to promote General Grant. But Grant's countenance such political treason.

So when the official Republican gathering convened, the atmosphere and the track were clear. Robert J. Breckenridge, "the Old War Horse of Kentucky," was temporary chairman.

And Governor Dennison of Ohio was permanent chairman. Lincoln was re-nominated on the first ballot. The result was: Lincoln, 484; Grant, 22—the latter being the instructed vote of the Missouri delegation. The nomination was promptly made unanimous.

Largely because Lincoln himself wilted otherwise, Vice President Hamlin was not re-nominated with him. Instead, the choice, upon a single ballot, fell upon Andrew Johnson of Tennessee, who had not then disclosed any of the tendencies which later rendered him so obnoxious.

The resolutions pledged uncompromising fidelity to the successful prosecution of the war, declared for a Constitutional ban on slavery, promised faithful redemption of the public debt, and reiterated the policy of the Monroe Doctrine as a warning to Europe not to attempt to take advantage of the United States in her hour of domestic trouble.

(Continued tomorrow, with the story of the Fourth Convention.)

Advise Ordinary Buttermilk for Wrinkles and Enlarged Pores

This Good Looking Young Woman Uses Old Time Recipe of Buttermilk Cream in a New Way—A Gentle Massage With Flag-bers Before Retiring All That is Necessary
Buttermilk and Cream—Simple Remedies—Best—Keeps Face, Hands and Arms in Exquisite Condition—Soft, Smooth and Beautiful

The old-time application of Buttermilk and Cream to whiten and preserve the skin and remove harsh little wrinkles and ugly sallowness is again making its way into the country as a warning to Europe not to attempt to take advantage of the United States in her hour of domestic trouble. Buttermilk, however, is not always obtainable, but a specialist has at last perfected a method of concentrating buttermilk and combining it with a perfect cream, which you can buy in small quantities ready to use at any first class drug store by simply asking for "Howard's" Buttermilk Cream. There is no secret about it nor is there any doubt about the result. It's just a common ordinary buttermilk in the form of a wonderful cream, gently massaged with the finger tips around the corners of the eyes and mouth.

To get the best effect, be sure to follow the simple directions. Drug-gists guarantee a noticeable improvement after the first application or they will refund the money.

Married at Sherwood.
A pretty wedding took place at Sacred Heart church, Sherwood, at 2:30 o'clock Tuesday morning, when Miss Valerica Stommel, daughter of Mr. and Mrs. John Stommel, became the bride of Mathew Hopfensperger, son of Mr. and Mrs. William Hopfensperger.

ger of Darboy. The Rev. A. Jaekle officiated.
The bride was attired in a gown of white georgette crepe and a crown veil, and carried white roses. She was attended by Miss Edna Hopfensperger, sister of the groom, attired in pink satin striped voile and carrying sweet peas. Alphonse Stommel, brother of the bride, was best man.
A four course wedding dinner was served at noon at the home of Mrs. Edward Quella, the bride's sister.
Mr. and Mrs. Hopfensperger will

The Old-Fashioned Stuff

MEN'S STYLES may come and go, lapels may change their lines as often as a woman changes her mind, and pockets may be shifted as lightly as a Balkan border, but nothing has ever yet been devised that can take the place of *Quality!*

HICKEY-FREEMAN stand squarely for the old-fashioned idea that there is nothing better than the best, and their clothes are made for men who subscribe to that opinion.

If you want *Quality* you want

be at home to their friends at Darboy after June 1.

Wedding This Evening
The marriage of Mrs. Meta Dunke, 1160 Harris street, and Henry Harp of Antigo, will take place at 7 o'clock this evening at the Zion Lutheran church, the Rev. Theodore Marth to officiate. Miss Rose Kranzuech and Herman Harp of Antigo will attend the couple. The bride will wear a tan taffeta dress with hat to match. She will carry a shower bouquet of carnations. Miss Kranzuech will also wear a tan taffeta dress and hat of the same color. Her bouquet will be of sweet peas.
A reception for about thirty-five guests will follow the ceremony. Among the out of town guests expected are Mr. and Mrs. Richard Kieper, Mr. and Mrs. William Harp, parents of the groom, and the Misses Esther and Lillie Harp of Antigo.
Mr. and Mrs. Harp will make their home in this city at 1160 Harris street.

Miss Koch Weds.
Miss Verona Koch, daughter of Mr. and Mrs. A. J. Koch of 674 Union street, and C. Kripton of Niagara, were married at Menominee, Mich., Tuesday morning. The bride is a graduate of Lawrence college, and was a teacher in Menominee several years ago. The couple left on a wedding trip south after the ceremony. Mr. Kripton is connected with the Kimberly-Clark company at Niagara.

Announce Engagement
Announcement is made of the approaching marriage of Miss Mildred Lempeke of Greenville, daughter of Mr. and Mrs. Charles Lempeke, to William Spreeman of Underhill. The wedding is to take place soon.

Farewell Social
About 60 ladies attended the Deborah Rebekah meeting last evening at Odd Fellow hall. Two candidates were initiated. A farewell social was given at the close of the business session for Mrs. Helen VanStratum, who is to leave Appleton in the near future. A luncheon was served.

Lady Eagles Party
Mrs. L. Plotow won first prize. Mrs. Frank Schreiter second and Mrs. Carl Schroeder third prize at card party of the ladies of the Eagles Wednesday afternoon. Mrs. John Dick was awarded consolation prize. Five tables were in play.

The ladies will give a dancing party at the hall this evening for members and their friends. Music will be furnished by Thelen's orchestra.

Married at Menominee
Announcement was made today of the marriage of Miss Loretta Pauli, daughter of Mr. and Mrs. Joseph Pauli, Second avenue, to Rei Holcomb, Richmond street, which took place at Menominee, Mich., Monday. Mr. and Mrs. Holcomb will make their home at Appleton.

Reeve Circle Meeting.
Plans for the Memorial day program will be made at a meeting of the J. T. Reeve circle at South Masonic hall at 7:30 o'clock Friday evening. There will also be balloting on candidates.

Miss Anderson Weds.
The marriage of Miss Esther Anderson, daughter of Mr. and Mrs. T. O. Anderson, 485 College avenue, to Clarence Hansen of Milwaukee, son of Mrs. Sophia Hansen, 684 Locust street, will take place at six o'clock this evening at the parsonage of the Trinity English Lutheran church. The Rev. F. L. Schreckenbergh will perform the ceremony.

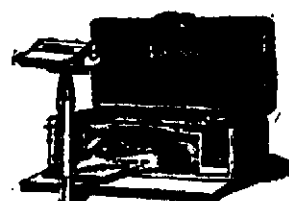

The bride will wear a navy blue suit of tricotee and georgette hat to match. Her corsage bouquet will contain a few sprays of orange blossoms. She will be attended by her sister, Miss Ivah Anderson of Madison, who will also wear a dark blue suit and hat. Waldemar Hansen, brother of the groom, will act as best man.

Following the ceremony a wedding dinner will be given for the immediate relatives at the Anderson home. The thirty-second wedding anniversary of the bride's parents will be celebrated at the same time.

Among the out of town guests expected are Oscar Anderson and Mr. and Mrs. Ben H. Anderson of Milwaukee, and Miss Ivah and Arthur Anderson of Madison. The young people will leave shortly for Chicago where they will spend a few days. Upon their return they will make their home at Milwaukee.

Schlitz Bros. Co.

PLEA FOR PROBE OF BUS LINES OPENS LONG DISCUSSION

(Continued From Page 1.)

schedule has satisfied the requirements of the railroad rate commission and that is all there is to it."

Hits Other Lines.
Mr. Ryan said that any ordinance aimed at the Neenah bus would also hit the other lines and would probably cut off the present service between Appleton, Hortonville and New London.

Mr. Vette averred that the Neenah line was established, not to make money for its owner, but to satisfy the demands for better transportation. He declared that his client's service is far superior to that offered by his competitor and presented a schedule to prove it. Efforts of several aldermen to ascertain why the bus line's schedule during the day is identical with that of the traction company, thereby increasing competition, was evasively answered.

Connect With Trains.
The speaker said that the auto lines provide splendid connections with the Wisconsin and Northern trains here and with the Soo line at Neenah, a service which he said the traction company does not provide. He also emphasized the saving in time made by the busses and the fact that men working in either Neenah or Appleton may sleep a half hour longer and still get to their jobs on time by taking the bus.

The discussion was ended by A. K. Ellis of the traction company, who corrected statements made by other speakers, and by W. C. Wing, presi-

dent of the Chamber of Commerce, who declared that attacks on the chamber for its interest in the matter were entirely unjustified.

Dance at Five Corners at Stark's Hall, Monday, May 21. Music by Stecker Bros. orchestra. 5-20, 21, 22, 27, 28, 29.

Glossie Kenney, a student at Bushy Business College, left yesterday for Minnesota, where he will join Franklin Bros. Circus as manager of the advance department. Kenney was a star basketball man at the local Business college last season.

A large number of Appleton people attended the wedding dance at Stammer's hall, Apple Creek, last evening.

VICTIMS RESCUED

Kidney, liver, bladder and uric acid troubles are most dangerous because of their insidious attacks. Heed the first warning they give that they need attention by taking

APPLETON

GEENEN'S
QUALITY DRY GOODS

WISCONSIN

By United Press—Kansas Wire

Chicago, Oct. 10.—Futures gained sharply in the Chicago board of trade today after an early opening. There was scattered selling at the opening, but shorts took profits on the dip and helped the market to check.

Later on renewed buying the market climbed again. Trading continued generally dull. Receipts were normal. Exports of corn in the export market were bullish and influenced a slight rise.

May contracts for No. 2, hard red, and tendered unchanged July contracts gained one cent to 84 1/2 cents, and No. 2, soft red, unchanged. The No. 2, white corn, opened at 84 1/2 cents, No. 2, and No. 1, red, were up 1/2 cent.

May oats, export, at \$1.04 down
1/2c, and barley, 2 red 1 1/2c July oats

Buy your New Edison on our Budget Plan

EXPERT household managers have long used the Budget Plan. It stretches their incomes. We borrowed it—and applied it to the purchase of the New Edison. Come in. Find out how this good, old “thrift” idea solves the problem of *your* New Edison.

*We adopted the Budget Plan
to please two people—Thomas
A. Edison and You.*

Edison's great hobby is music. He holds that good music is a necessity in the home.

But access to the great operas and concerts has been confined to the FEW. Edison thought of the MANY, and spent 3 million dollars in research work to develop the New Edison, "the phonograph with a soul."

Edison's new phonograph RE-CREATES the great voices and instrumental art of the world, with such perfect realism that

MEYER-SEEG
(Established 1872)

human ear cannot distinguish
Re-CREATED art from living art,
even when the two are heard in
direct comparison.

Edison set free a necessity that had been a luxury for ages. We are working with Mr. Edison, and have adopted the Budget Plan in accord with his wishes.

The Budget Plan is a way for you to get your New Edison now. It doesn't increase your household expenses,—it simply distributes your monthly pleasure allowance in a different way. It gets you more for your money. Come in and see us. Tell us how you would like to plan your New Edison budget.

MAY DAY FESTIVAL AT COLLEGE FRIDAY

PROGRAM WILL BE PRESENTED
BY EDUCATION DEPARTMENT
MENT GIRLS ON COL-
LEGE CAMPUS

The annual May Day festival of Lawrence college will be given at 2:30 o'clock tomorrow afternoon on Lawrence campus, between Carnegie library and Main hall. Girls of the physical education department, under the direction of Miss Josephine

Hutchinson, will present a May day pageant. Miss Hutchinson has not only planned the dances but has designed the costumes to be worn. The social chairman of the Y. W. and the Y. M. C. A. are the managers of the day.

Miss Grace Haylett, elected by the student, as the best loved girl of Lawrence, will be May Queen, and Miss Marjory Newton and Miss Olga Achtenhagen, as Light and Truth, will be her attendants at the throne of honor. Jean Rasey and Mary Elizabeth Rogers will be crown bearers. Arthur Remley and Judson Rosebush, Jr., will be train bearers. One of the prettiest dances will

be the dance of the larks, the small members of Miss Mabelle Zealey's class. They are all children of this city and include Eileen Dutcher, Mary Treat, Margaret Pratt, Jean Pratt, George Thomas, Sydney Dutcher, Elaine Thomas, Louise Marston and Ruth Wheelright.

HIGHS TO STAGE CLASS TRACK MEET TOMORROW

The off-postponed high school inter-class track meet will be held tomorrow afternoon at Lawrence field. About fifteen events are carded.

Juniors and seniors are expected to stage a spirited contest for the school championship. Gehring and Courtney, point winners at Stevens Point, are regarded as sure point winners for the juniors. In addition the third year class has Roach, Jacobson, Davis and Ornstein.

Wood and Schumcke are expected to prove the senior mainstays. Wood is a sure winner in the half mile, and should do well in the weight events.

BARN RAISING—Over a hundred farmers gathered at the Albert Hoh farm in Greenville Tuesday for a barn raising. Mr. Hoh expects to have the building completed this week.

SELS FARM—Mrs. C. Sylvester has disposed of her 40 acre farm in the town of Grand Chute, with personal property, to Herman Woldt, who takes possession today. The consideration was \$9,000. Mrs. Sylvester has purchased two acres of land with house and barn in Grand Chute from Mr. Woldt and will make her residence there.

ELECT DIRECTORS FOR "Y" SATURDAY

ANNUAL MEETING OF BOARD IS
HELD YESTERDAY—REPORT
HIGHLY SUCCESSFUL
YEAR.

Annual election of the Y. M. C. A. is to take place Saturday, when directors to succeed P. J. Harwood, Judson G. Rosebush, A. E. Tuttle and James A. Wood will be selected. Ballots containing recommendations of the nominating committee will be at the disposal of the members. The polls will be open at the association building from nine o'clock in the morning to ten at night.

The board of directors held its closing meeting of the Y. M. C. A. year yesterday afternoon. Reports covering all the activities and a financial statement were presented and accepted. Reports for April were also read and accepted. A digest of the year's work is being prepared for publication. Reports indicated that the past year had been highly successful and that the association is in good shape financially. Statistical reports will be sent to the international committee at New York for publication in the year book.

Rearranging of the basement to provide a social room in connection with bowling and billiards was authorized by the board. This will be accomplished by rearranging the locker space, which is larger than needed. The cafeteria kitchen is also to be enlarged and a bicycle rack is to be built outside the association building.

SCOUT EXECUTIVE TO BE NAMED SOON

EXECUTIVE BOARD OF SCOUT
COUNCIL AUTHORIZES
IMMEDIATE APPOINT-
MENT OF LEADER

Immediate appointment of a scout executive for Appleton was made possible at a meeting of the executive board Wednesday afternoon at the Y. M. C. A. Henry W. Tuttrup, president of the Appleton Boy Scout council, is to arrange interviews with prospective executives, and is also to take steps to retain Leigh Hooley, who is conducting the work at present, until the new executive gets under way. Mr. Tuttrup is also authorized to name the standing committee of the council.

A special committee appointed to look into the matter of financing made its report telling how much of a budget will be needed and the best manner of raising the money. Definite plans for a drive are to be made within the next few weeks.

Over the Teacups Club.
Over the Teacups club will meet at 2:45 o'clock Friday afternoon at the home of Mrs. C. C. Horkley, 720 Lawrence street.

Fourth Degree Party.
The Fourth Degree Assembly, Knights of Columbus, was delightfully entertained at a banquet and card party at K. of C. hall last evening. Vocal selections were rendered by Mrs. F. P. Doherty.

K. C. Meeting.
The regular meeting of the Knights of Columbus will be held this evening at K. of C. hall. Matters concerning the purchase of a club house are to be brought up. A social session is to follow the business meeting.

H. O. M. Club.
The H. O. M. club was entertained last night at the home of the Misses Anita and Esther Boese, Oneida street. Out of doors games were played. Refreshments were served.

OBITUARY

HERMAN GREENS.
Herman Greens, a former Appleton resident died yesterday at New Meadows, Idaho, according to word received here. The decedent is survived by a daughter, Mrs. Martha Meyer New Meadows, with whom he has been making his home since leaving Appleton several years ago; and two sons, Edward and Ernest, both of Milwaukee. The body will arrive in Appleton Saturday. Funeral services will be held at two o'clock Monday afternoon at the Riverside chapel. Interment will be at Riverside cemetery.

GRUBE FUNERAL.
The body of Mrs. Amy Langdon Grube, who died Wednesday morning at St. Elizabeth hospital following an operation, will be taken to Stevens Point on the Son train leaving Neenah at 7:35 o'clock tomorrow morning. Burial will take place at that city, which was her former home. She is survived by her husband, L. A. Grube, who was formerly agent here for the United States Express company, and who is now stationed at Wauwaton.

MRS. HENRIETTA WILLIAMS.
Mrs. Henrietta Williams, 30 years old, died at three o'clock this morning at the home of her daughter, Mrs. Valentine Fox, 726 Washington street. Death was due to old age. The decedent came to Appleton from Holland in 1866 and has resided here ever since. She is survived by three daughters, Mrs. Valentine Fox and Mrs. August Anderson of Appleton, and Mrs. John Williams of Iron River, Mich. There are 32 grandchildren and 4 great-grandchildren. Funeral arrangements will be announced later.

HARRINGTON FUNERAL.
The Appleton Car Mover company will be closed Friday afternoon out of respect to the late vice president, J. C. Harrington. The funeral of Mr. Harrington, who died suddenly at Chicago Monday, was held this afternoon at Fulton, N. Y.

ELKS MAY STAGE BIG MUSICAL SHOW IN FALL

COMMITTEE IS APPOINTED TO
NEGOTIATE DATE—MARCH-
ING CLUB IS ALSO
PLANNED

Appleton Elks probably will stage the musical comedy "Let's Go, Peggy" here sometime in the fall. At a meeting of the lodge Wednesday night, a committee consisting of Dr. W. J. Foote, Dr. C. E. Schmidt and E. H. Harwood was appointed to make arrangements with J. A. Darnaby to have the show put on in Appleton. Darnaby directed "The White Elephant" presented by the lodge last year.

Preliminary plans for the organization of a marching club for the state convention at Milwaukee in September, were also made. Henry S. Sloan, and J. P. Kelley, exalted ruler and treasurer, respectively, of the Milwaukee lodge addressed the Elks in reference to the convention and the big carnival planned by the Milwaukee lodge during the week of the convention. Milwaukee Elks are planning one of the biggest entertainments in the history of the state. Tickets to the entertainment program for the entire week will sell at \$1. Each ticket will be good for a chance on the Milwaukee Elks clubhouse, valued at \$111,000.

HEAVY HITTING IN GRADE SCHOOL GAMES

St. Mary, First Ward, Zion and Third Ward were victorious in Tuesday's games of the grade school baseball league. The league race closed this afternoon, with the St. Mary-First Ward game the deciding contest.

Fourth Ward lost to St. Mary, 11 to 9. Both pitchers were hit hard, but good support by the Catholic fielders saved Booth.

First Ward had an easy time with Lincoln school, winning 19 to 4. Crowe was in fine form. The victors hit when hits means runs, and took advantage of every Lincoln slip.

Zion school went into a tie for fifth place by defeating Fifth Ward 9 to 11. The contest was a slugfest, with the Lutherans proving the best hitters.

Columbus-Franklin forfeited to Third Ward, 9 to 0.

UNUSED TICKETS CAN BE REDEEMED AT H.S.

Announcement was made at the high school this morning that persons holding tickets to the summer class play, "The Girl," but who were unable to gain admittance to the theatre, may secure a refund of their money by presenting the unused tickets at the high school. More tickets were sold than there were seats in the theatre, it was said.

POSTPONE HEARINGS IN BOOZE THEFT CASES

The hearing of Frank LeRoy, Henry B. Sanda, John Westburg, William Finnegan and George Krause, which was to have been held in municipal court this morning, was postponed until Wednesday, June 2, because attorneys are otherwise engaged.

MOTORCYCLE DRIVERS SAY ARE GUILTYLESS

Lawrence Stark, Anton Wagner and Gordon Fish appeared in court Wednesday afternoon to answer to the charge of operating motorcycles on Richmond street at a speed of 30 miles an hour Tuesday. They pleaded not guilty and their cases were continued until May 23.

INSTALL HUGE VAT IN GREENVILLE FACTORY

P. J. Peters, who operates a cheese factory in the town of Ellington, has installed what is reported to be the largest milk vat in the state. Its capacity is 20,000 pounds of milk and the factory is now running 25,000 pounds a day. Mr. Peters recently erected a new ice house.

SHORT NOTES

Leola Monnabach of Little Chute, was an Appleton caller today. Theodore Pennings of Freedom, visited in the city Wednesday. Roger Fitzgerald of Black Creek, was here on business Wednesday. Oscar Kunitz, Herman Kamps and Ben McKinney visited at Hortonville, Wednesday. Miss Marjorie Dunn, daughter of Mrs. J. Peavel, 901 Atlantic street, is at St. Elizabeth's hospital where she submitted to several operations Tuesday. The sophomore class party will be held at the school Friday evening. A novel entertainment program has been prepared. The work of painting the markers of the state and trunk highways passing through the county and the improved county highway has been commenced and is well under way. Several weeks will be required, however, to complete the job. APPLETON SPEEDER FINED IN OSHKOSH H. A. Schneider of 539 Prespect street, this city, was fined \$10 and costs in municipal court at Oshkosh Wednesday, charged with violation of the county automobile speed ordinance. Schneider, when arrested, pleaded not guilty, but later changed his plea to one of mole contendere.

NEWS OF OUTAGAMIE COUNTY AND WISCONSIN

LA FOLLETTE WING PLANS NEW MOVE TO CONTROL THE STATE

GERRYMANDERING AS MEANS OF RETAINING OBSTINATE CONGRESSMAN IS CONSIDERED

Madison, Wis.—Redistricting of congressional, senatorial and assembly districts will be the big job in the next session of the legislature. It is especially important to congressmen who are elected from territory so extensive that rearrangement frequently means the end of old, and the beginning of new, congressional careers. The La Follette Republicans, allied with various radical groups, will endeavor to control the legislature next year. If so, they will be in position to reapportion the state according to their own liking. They will first endeavor in the primaries to defeat a number of objectionable congressmen.

Fight in Legislature—Congressmen who survive the onslaught will have to fight in the legislature to keep the ground from being cut away preparatory to the campaign two years hence.

Congressmen C. E. Randall of the First; James G. Monahan of the Third; John C. Kleczka of the Fourth; John J. Esch of the Seventh; and D. C. Claiborne of the Ninth, are related by the La Follette following to go. In some districts candidates have been selected to oppose them. In the First, it will be Vernon Baker, of Kenosha; in the Third, either ex-congressman J. M. Nelson or E. N. Warner, in the Seventh, James D. Beck.

There are no signs that a fight will be waged on Congressman Ed Voigt, of the Second, though he started his political career as a conservative. It is said that Mr. Voigt is satisfactory and that he may even identify himself with the La Follette wing of the party.

To Carefully Shuffle Cards—The re-election of any of those on whom a fight is made will mean that in the next legislature the 70 cards—

each a county—which constitute the congressional pack, will be carefully shuffled for a new deal—provided, of course, the La Follette wing finds itself in the position of dealer. As a result each offending congressman will find himself largely in new territory in the ensuing campaign, and confronted with the need of winning a new constituency. This is not always an easy task. The last reapportionment was followed by the retirement of Congressman A. W. Kopp, J. H. Davidson, E. A. Morse, and V. L. Berger, and the appearance of four new stars, M. K. Reilly, W. H. Stafford, E. A. Browne, and J. A. Frear. The shake-up next year may bring even more changes.

Assembly Districts Difficult—Senatorial districts are frequently chopped up to produce new results in membership, but the task is somewhat more difficult in assembly districts, because of the smaller territory they cover. No county census returns, showing possible changes in the districts have been received.

The return for the city of Milwaukee, which includes about 85 percent of the population of the county, indicates that the county will receive seven state senators, instead of six, and 21 assembly, in place of the 19 who now represent it.

LEGISLATIVE CALL MAY BE ISSUED TODAY

(Special to Post-Crescent) Madison, Wis.—Governor Philipp was expected to return to the executive office from Milwaukee this afternoon and to immediately set the date for the extraordinary session of the legislature.

It is understood the call for the special session will include twenty-three different items, most of which can be handled in a few minutes time, being merely amendments to existing laws. However, it is expected the session will last at least a week and possibly two weeks, although it is known the governor would prefer to have the session completed before the national republican convention.

If the session is called for June 1, it is possible a recess may be taken by mutual agreement and joint resolution at the close of the first week until after the national convention.

MUST ACT FAST IN CAR SITUATION TO PREVENT DISASTER

WISCONSIN RAILROAD RATE COMMISSION IS TRYING TO HELP RELIEVE THE SHORTAGE

(Special to Post-Crescent) Madison, Wis.—The railroad commission of Wisconsin as well as the Interstate Commerce Commission in its efforts to relieve the car shortage situation which exists all over the country, but it is feared here that before the situation is entirely cleared up, many manufacturing plants in all parts of the country will be closed for lack of raw materials and lack of cars to ship out the finished product. The situation is not new although greatly aggravated by the switchmen's strike which has tied up thousands of cars at the terminals in the larger cities. The situation has been gradually coming on since the spring of 1917, when every resource in the country was and had to be turned toward helping to win the war. It became absolutely necessary to place the railroads of the country under one general head, at that time, to move the troops and war materials. That is admitted by the most rabid opponents of government ownership.

Cars in Bad Shape—But from the time the railroads were turned over to the government in 1917 until they were returned to private control March 1, 1920, the rolling stock of every road in the country was in constant use as long as it could possibly serve any purpose. No new cars nor locomotives, except those for use in France, were constructed during that period and as a consequence there was not only the natural shortage of thousands of cars annually, but a very large portion of the old cars are now in such "bad order" that they cannot be used and will have to be rebuilt. During the war there was no time to repair cars as long as they could be used at all, and today it is said there are more cars in "bad order" lying on

side tracks, in terminals, etc., than ever before in the history of railroad-ing.

Grain Awaits Trains—It is said there are millions of bushels of grain in the elevators in Minnesota, the Dakotas, Nebraska, Kansas and Texas, which the railroads are unable to move for lack of cars. But this will have to be moved within the next two months to make room for the new grain soon to be harvested or there will be a great economic loss which the country cannot afford at this time. But that is not the only reason that the grain must be moved. Millions of dollars are said to be tied up in the grain in those elevators. This grain must be moved and sold before the farmers can secure money to harvest the 1920 crop, and the situation is declared to be extremely critical.

The same condition prevails as to live stock. There is no great shortage of live stock for food, but because of the lack of stock cars the stock is not being moved to the market. The stock-raisers are being compelled to feed the stock longer than usual and of course that increases the cost of production and the consumer will simply have to pay the bill or go without meat.

Coal Situation Acute—Opinions as to the fuel situation differ. The general opinion, however, is that plenty of coal has been and is being mined to care for every want, but the lack of transportation facilities has held the coal at the mines until now the country is facing a real coal famine which is becoming alarming. In the cities, where most of the inhabitants depend upon gas for fuel, there is danger of actual want unless the coal is moved in a short time, but at the same time the coal for next winter's supply of fuel will have to be moved or many will suffer for lack of fuel next winter. Coal dealers in Wisconsin today have practically no coal on hand, nor can they get any assurance as to when they will be able to get any, how much they will receive nor what the price will be. A conference of coal dealers of southern Wisconsin was held in Madison recently to discuss the situation, but no solution of the problem could be reached.

In the opinion of close students of the situation it will be necessary for the Interstate Commerce Commission

to again take charge of the matter, issue priority orders for fuel and food stuffs, and place a ban on the shipment of "non-essentials" until the situation clears.

This may be done and if it is it will probably cause nearly one half of the industrial plants of the country to close down for from two to eight weeks, it is said.

BLACK CREEK INSTALLS ELECTRIC FIRE ALARM

Siren Replaces Old Bell — School Children to Present Play This Evening — Other News

(Special to Post-Crescent) Black Creek.—The five hundred club was entertained at the home of Miss Gladys Williams of New London Tuesday evening. They made the trip by auto. Mrs. F. C. Walch won the honors. A delicious lunch was served.

The new electric fire siren has been installed in place of the old bell and was tried out Tuesday. It proved satisfactory.

The local equity shipped four cars of stock last week and two cars this week to Chicago.

Kenneth Laird visited relatives in Ellington Friday evening.

Ben Sanders and family are moving to Appleton.

Fred Walch of Seymour called here Wednesday.

Mrs. C. J. Jackson of Seymour visited here Tuesday evening.

Extensive improvements have been made in the A. L. Burdick connection store building. The ice cream parlor has been refurnished and a kitchen built in the rear of the building.

Andrew Streigle and family autoed to Appleton Sunday to see Mr. Streigle's father who is in St. Elizabeth hospital.

A daughter was born to Mr. and Mrs. August Rohloff, Sunday.

Dr. Walch and family and Mrs. H. V. Shauger autoed to Nichols Saturday evening.

Mr. and Mrs. Richard Sanders, the Misses Anna Koehler and Lucile Wymer were Pulaski visitors Sunday.

J. P. Servatius and family attended the ball game at New London Sunday.

Mr. and Mrs. P. A. Huhn and Mr. and Mrs. V. A. Perry spent Sunday at Appleton and Oshkosh.

Donald Burdick is on the sick list this week.

Otto Bauman of Merrill spent Sunday with the J. A. Koehler family.

Mrs. Jesse Welch and Miss Sylvia Wilson were Appleton callers Wednesday.

Mr. and Mrs. J. Hines and Mr. and Mrs. Guy Baldwin autoed to Seymour Monday evening.

Little Freda Sassman is sick with the measles.

Mr. and Mrs. L. Lane and Cecil White autoed to New London Tuesday evening.

Mrs. R. Sanders and Miss Anna Koehler spent Monday in Appleton.

Jay Daniels and family and Mr. and Mrs. George Wichman spent Sunday with Mr. and Mrs. Olin Wilson at New London.

Mrs. Hauert and son Sidney and Mr. and Mrs. Howard Kiesler were at the Hauert cottage on the Lake Winnebago shore Sunday.

The play given at the auditorium by the Shiocton High School Monday evening was well attended.

Miss Elizabeth Laird of Ellington called at the Dr. Laird home the last of the week.

The children in the Rev. Thomas family are on the sick list.

Mrs. H. Stutzman was at Hollister the first of the week to visit her husband who is employed there.

The village school will give the play "The Goose Creek Line" at the auditorium Thursday evening. A large crowd is expected.

Dr. Walch and Robert Frank were business callers in Seymour Monday.

Dr. and Mrs. Laird and son Robert and Miss Elizabeth Laird autoed to Appleton Friday.

Mr. and Mrs. N. A. Shauger and daughter Gladys, Mrs. J. N. Shauger and Mrs. Mary Kohls spent Sunday in Green Bay.

Mr. and Mrs. William Stutzman were at Green Bay last week to see their daughter Irene who is in the St. Vincent hospital.

Mr. and Mrs. George Peters and family and Miss Genevieve Burdick spent Sunday at Appleton.

Miss Leola Maxaurn has accepted the position as clerk in the William Shauger grocery at Nichols. She will leave for her work as soon as school is closed.

MARRIED 40 YEARS; WINS DIVORCE DECREE

Marquette, Wis.—Henry C. Shields on Wednesday secured a divorce from his wife, Katherine Shields, with whom he had lived more than forty years. They are residents of Wausau, and Mr. Shields charged that his wife and two sons were conspiring against him in an effort to get control of the property. They denied this, however. Mrs. Shields will get \$4,000 and the sons will receive a portion of the farm and stock.

Alkali In Soap Bad For The Hair

Soap should be used very carefully, if you want to keep your hair looking its best. Most soaps and prepared shampoos contain too much alkali. This dries the scalp, makes the hair brittle, and ruins it. The best thing for steady use is Mul-sified coconut oil shampoo (which is pure and greaseless), and is better than anything else you can use. One or two teaspoonfuls will cleanse the hair and scalp thoroughly. Simply moisten the hair with water and rub it in. It makes an abundance of rich, creamy lather, which rinses out easily, removing every particle of dust, dirt, dandruff and excessive oil. The hair dries quickly and evenly, and it leaves the scalp soft, and the hair fine and silky, bright, lustrous, fluffy and easy to manage. You can get Mul-sified coconut oil shampoo at any pharmacy, it's very cheap, and a few ounces will supply every member of the family for months.

PERSONAL ITEMS ABOUT PEOPLE OF SHIOCTON

(Special to Post-Crescent) Shiocton.—Harry Cooley has moved to Markton where he has accepted a position. Mr. and Mrs. J. N. Wagner and Miss Esther Seeloff and Mr. and Mrs. Kuether were at New London Wednesday evening to see "The Gumps."

Mrs. A. C. Smith of New London, was in the village Thursday.

Mrs. Milo Thompson was a New London visitor Thursday.

Mr. and Mrs. R. C. Roloff went to see "The Gumps" at New London.

Mrs. F. H. Colburn was an Oshkosh visitor Wednesday.

Mr. and Mrs. William Doyle of Chicago, visited at the home of James Flynn.

Miss Kittle Cance of Racine, spent the week-end with her mother.

Mrs. William Kling and little son are visiting at Oshkosh.

Misses Ruth Sietoff and Hazel Metz were at New London Thursday.

Mr. and Mrs. J. N. Wagner and family, Mr. and Mrs. P. A. Sietoff and Miss Elsie Sietoff were New London visitors Sunday.

Mr. and Mrs. Lewis Booth and family and Miss Ruth Sietoff were New London visitors Sunday.

D. McCully has moved his family in the Harry Allender house on River street.

Grayce Strong, Cecilia Conrad, Floyd Bergell and Charles Darrow spent Sunday at Stephenville.

Mrs. George H. Lanky and Miss Esther Clausen spent Sunday in New London.

Mr. and Mrs. F. O. Town and Mr. and Mrs. Mike Mack went to Appleton Thursday to see "The Gumps," a musical comedy.

Misses Eva Johnson and Isla Thompson were home from Clintonville to spend Sunday.

The Saturday evening Five Hundred club met at the home of Clifford Morse.

R. Becker and Albert Sietoff of Appleton visited at the home of P. A. Sietoff.

No More Corn Suffering

"Geta-It" Never Leaves a Corn On Any Foot For Very Long.

The hurting "pep" goes right out of that corn the moment a few drops of "Geta-It" lands thereon. It is through, and "for keeps."

Corns and "Geta-It" Can't Live Together

You'll have no more pain but will notice the corn getting loose and wobbly. In a day or so, you lift it right off without any feeling. That's the end of the corn and of your troubles. Millions have proved "Geta-It" to be the one and only unfailing, common sense corn remover. Why not you?

"Geta-It" costs but a trifle at any drug store and carries a money-back guarantee. Mfg. by E. Lawrence & Co., Chicago.

Sold in Appleton and recommended as the world's best corn remedy by F. H. Walker, Voigt's Drug Store, Theo. H. Bell, Rufus C. Lowell, Schlitz Bros.

Strong Women

BY DR. VALENTINE MOTT.

Women and men too—are just as strong and healthy as their blood.

Vigor and health come with good blood.

Without good red blood a woman has a weak heart and poor nerves.

In the spring is the best time to take stock of one's condition. If the blood is thin and watery, face pale or pimply, if one is tired and listless, generally weak, a Spring Tonic should be taken. An old-fashioned herbal remedy that was used by nearly everybody 50 years ago is still safe and sane because it contains no alcohol or narcotic. It is made of roots and herbs and called Dr. Pierce's Golden Medical Discovery. If druggists do not keep it in tablet form, send 60 cents for a vial to Dr. Pierce's Invalids' Hotel in Buffalo, N. Y.

Not "Just for a Day"

Those who suffer daily backache, sick headaches, dizzy spells and annoying kidney irregularities naturally seek a remedy that will give permanent freedom from these discomforts, not merely "relief for a day." For over thirty years Doan's Kidney Pills have stood the test of time—the hardest test of all. Thousands of confirmed and re-confirmed statements from grateful users tell of lasting, time-proven benefit. Here is a statement from one of our own townsmen. Ask your neighbor.

ANOTHER APPLETON CASE
Chas. Kitter, 1025 Parkhurst St. says: "I had a lame back and pains across my loins. It hurt me to stoop or lift anything. Mornings I was stiff and lame and my kidneys didn't act regularly. I read of Doan's Kidney Pills and used two boxes as directed. They cured me of the trouble." (Statement given July 12, 1913.)
On September 15, 1919, Mr. Kitter said: "Doan's Kidney Pills have positively cured me of all signs of kidney disorder." adv.

DOAN'S KIDNEY PILLS

Watch Us Grow!

"and he swapped his grouch for a smile"

GOSH BUT that trolley.
WAS ALMOST as packed.
AS IF they'd squeezed.
ALL THE candidates.
FOR PRESIDENT in.
WHENEVER THE car swayed
I SAT on the lap.
OF A pudgy lady.
MY BRAND new derby.
WAS SUNK without a trace.
AND A garlic breath.
BLEW DOWN my neck.
AND MY foot went to sleep.
AND THE rest of me.
ENVIED MY foot.
AND I WAS SORE.
YES, GOOD and sore.
AND THEN a chap.
WHO CAUGHT my eye.
CHEERED ME up.
WITH A jolly grin.
AND SAID to me.
"NO GROUCHES Now."
AND HONEST, I felt better.
IT WAS an ad.
OF A cigarette.
BUT I'LL say this.
IF THE ad alone.
CAN CHASE a grouch.
THE CIGARETTES.
THEMSELVES MUST do.
WHAT THE car card said.
"THEY SATISFY."
I'LL SAY they do.

IT WILL tickle you to find out how good Turkish and Domestic tobaccos taste when blended in the exclusive Chesterfield way. They do satisfy. And you'll be pleased to find out also that Chesterfields keep firm and fresh in their special, moisture-proof package.

Help Wanted Immediately

At Prominent Automobile Factory

Excellent opportunities for inexperienced men now open. Steady work, at good wages, while learning a trade.

Following Men Are Needed:

REPAIRMEN—Experienced automobile repairmen.
CABINET MAKERS—Cabinet workers, sheet metal panelers and bumper hands for auto body work.
PAINTERS—Automobile painters and handy men for the following work: Finishes, rough stuff and varnish rubbers.
WOODWORKERS—Woodworking machine hands on shapers, band saws, etc.
COMMON LABOR—Good opportunity for advancement to men who show ability.
SHEET METAL MEN—Experienced sheet metal men on hoods and fenders, also have vacancies for experienced solderers.
TEST DEPARTMENT—Mechanics for the block test.
UPHOLSTERERS, TOP BUILDERS AND BACK HANGERS.

We can use handy men on all classes of above work. Men with a small amount of experience but who are handy and quick to learn can earn very good wages in a short time and become experienced.

Write in detail your experience. We will answer promptly, stating present openings and approximate wages for the particular kind of work you are experienced in or want to do.

Milwaukee & St. Paul Railway.

FARMERS BUY MORE FARM MACHINES TO TAKE PLACE OF MEN

PRODUCTION WILL NOT BE GREATLY LESSENED BY SHORTAGE OF HIRED MEN, DEALERS SAY

There is little evidence that the farmers in Outagamie county are letting their land lay idle this year because of the shortage of hired help. Prices for farm products are quite favorable as compared to other years, and rather than let valuable productive acreage go untillied, some solution to the problem is generally found. Often it happens to be the substitution of machinery for human labor.

Perhaps nothing is more indicative than the increase in the use of tractors. B. C. Wolter of the Wolter Implement company states that five times as many tractors were sold this spring as in other years. Many more would be in use if they could be obtained from the factories, but deliveries are hundreds behind because of the tremendous demand. Cultivators, discs and levelers can all be attached to a tractor at one time, doing the successive operations that would be done separately by man or team.

Save Much Time

Time is saved in a way that has been impossible in the past. Tractors do not need to stop for meals, nor do they reach a point of fatigue. While the farmer is eating his dinner and supper, the hired man, the son, or in many cases the wife, mounts the seat and runs the "iron horse" over the fields until the meal is over. Evenings are also used so that none of the land will be idle. Mr. Wolter estimates amount of work possible with a tractor as four times that of a man and team. This seems to be the popular solution of the problem of shortage of help, especially in the seeding period which has just closed.

Sales Are Increasing

All farm machinery sales have increased this year, dealers say, but whether it is a tendency to modernize the farm or whether it reduces the amount of hand labor has not been definitely established. Double cultivators seem to be popular as against the usual sale of the single machines, and this proves that saving work is the aim. It is thought that the shortage of labor and the consequent forcing of the tractor into the farming business is to eventually bring it into universal use in the same manner that the motor truck made its entry. Skepticism over its possibilities is forgotten in the desperation of the farmer who wants to keep up his farm.

Land Is Idle

Henry Thiel, of the Outagamie Equity Exchange, said some of the farmers have practically given up the idea of getting the required help with which to run their farms and will permit some land to lay idle. The exchange started selling machinery this spring for the first time, and therefore no increase in sales can be determined. Many of the farmers succeeded in seeding their entire acreage because of the slow spring season, hoping that conditions will change so that they can take care of it all and realize the usual crop, but where this does not seem possible, they will let part of it go by default.

Work to the Limit

H. C. Greeley, of Greeley, Wolter and DeLong, believes that no enterprising farmer will let the lack of help stand in the way of utilizing his land to the limit.

"Unless farmers have changed a lot," he stated, "I believe most of them will stay up nights to get in a good crop. If the hired men are treated right and given to feel that they are one of the family, they will usually stay with a farmer and come back year after year."

It was his opinion that much machinery is being used this year to take the place of men. The tractor can cover so much more ground in such a short time that it will soon be in more general use. He states that farm machinery is increasing in price this spring anywhere from 10 to 25 per cent, and the reason always includes the increased cost of labor.

INCORPORATIONS

Madison. — Articles of incorporation have been filed with Secretary of State Merlino Hall as follows:

Prudential Tire & Rubber Co., Delaware, \$4,000,000 preferred and 60,000 shares non par value, with \$100,000 in Wisconsin. George N. Graham, Chippewa Falls, manager. To manufacture auto tire tubes and accessories.

Indian Lake Live Stock Co., Mich., \$200,000 with \$25,000 in Wisconsin. Lloyd S. Dancy, Waukesha, secretary-treasurer. To deal in live stock.

Wisconsin-Michigan Lumber Co., Eagle River, \$1,245,000. To do logging, lumbering, etc. E. W. Ellis, R. M. Rogers, A. H. Stange.

Bernard A. Diedrick Post No. 75, The American Legion, Wisconsin Department, Wauwatosa. Patriotic and to maintain a community memorial building. S. L. Pilgrim, C. Stanley Perry, Dan W. Rom.

Ripon Handle & Specialty Co., Ripon, \$20,000. To manufacture package carrier handles and advertising novelties. E. J. Burnside, L. Pynch, Fred Babcock.

Knights of Columbus Home Association, Janesville, \$50,000. To maintain clubhouse and general fraternal building. J. J. Dulin, J. P. Cullen, Frank D. Hayes.

The Interurban Lighting Co., Rutland, Dane County, \$10,000. To operate rural electric lighting system. H. C. Rasmussen, B. J. Kivilla, R. P. Ames.

Dacada Cheese Producers Association, Randolph Lake, R. L. \$2,000. To manufacture cheese and by-products. Dominic Watry, John Weter, John Kraher, Jr., Frank Weter.

Diamond C. Construction Co., Milwaukee, \$8,000. General construction work. Frank W. Blodgett, Hoy B. Clayton, William D. Clayton.

Amendments filed include:

The Everwear Hosiery Co., Milwaukee, from \$350,000 to \$750,000.

Lomira Elevator Co., Lomira, from \$10,000 to \$20,000.

Dawley Lumber Co., Wausau, from \$50,000 to \$75,000.

ITEMS OF INTEREST TO HORTONA PEOPLE

(Special to Post-Crescent)

Hortona—Mr. and Mrs. Ed. Popke of New London, spent Sunday with relatives here.

James Sullivan has a new car.

Miss Mayne Wing of Mukwa, spent a few days last week with her sister, Mrs. Ed. Melnhart.

William Brohan was a New London visitor Thursday.

Miss Margaret Carey of Oshkosh, spent the week-end in the Martin McDermott home.

C. D. Hemmy of New London, was a business caller here Wednesday.

Dave O'Connell of Mukwa, spent Sunday with friends here.

Mrs. Chambers and Miss Marguerite Welcome were Hortonville visitors Tuesday.

Mike and Alice O'Connell of Mukwa, and Adeline Schaller of New London, spent Sunday at the M. McDermott home.

Richard Schuh of New London, spent last week at the O. P. Cuff home.

Otto Dorshner was a Hortonville business visitor Saturday.

Henry Steffen was a Dale visitor Saturday.

Mr. and Mrs. Arthur Radechel were New London visitors Sunday.

MADISON WOMAN AVIATOR PURCHASES ANOTHER PLANE

Madison, Wis.—Mrs. Harry L. Potter, first Wisconsin woman to enter the commercial aviation game, has purchased the one-passenger plane that formerly belonged to State Senator Conant. It will be piloted by Lieut. L. M. Mathewson, Chicago.

Mrs. Potter has owned several flying machines, two of which have crashed. One accident, at Madison, resulted fatally. The other occurred at Watertown.

Dissolutions:

Fern Amusement Co., Milwaukee.

Gray Investment Co., Milwaukee.

Friend Brothers Clothing Co., Milwaukee.

WHY WE SHOULD WIRE

your home or place of business can be learned by inquiry among electrical experts as to our ability. We do not just string wires any old way. We place them where they will be most convenient, where they will be hidden or inconspicuous and above all where they will be safe. Glad to furnish figures upon request.

Your complexion tells a story to the world

HOW tearlessly, how confidently, the girl with a fresh, soft, lovely skin meets the eyes of the world! Nothing to conceal! For almost always a clear, radiant complexion is an indication of a buoyant, well-poised nature, healthful living, and fastidious habits.

Nothing so quickly creates an impression of your personality as your skin. Don't let it tell of neglect, or unhygienic habits. Even if through the wrong kind of treatment your complexion has lost the smoothness and freshness it should have—if it has become pale and sallow—disfigured by blemishes or little blackheads—you can give it back the color and clearness that make other girls' complexions so attractive.

For your skin is constantly changing—it changes every day in spite of you. Each day old skin dies and new skin takes its place. This new skin, if given the care its particular need demands, will respond instantly and gratifyingly.

Blackheads are a confession

Perhaps you feel at a disadvantage in meeting people because your skin is constantly marred by disfiguring blackheads. Blackheads are a confession that you are using the wrong kind of cleansing for your type of skin. To keep your skin free from this trouble, try using every night this special treatment:

Apply hot cloths to the face until the skin is reddened. Then with a rough washcloth, work up a heavy lather of Woodbury's Facial Soap and rub it into the pores thoroughly—always with an upward and outward motion. Rinse with clear hot water, then with cold—the colder the better. If possible, rub your face for thirty seconds with a lump of ice. Dry carefully. To remove the blackheads already formed, substitute a flesh brush for the washcloth in the treatment given above. Then protect the fingers with a handkerchief and press out the blackheads.

The very first time you use this treatment, it will leave your skin with a slightly drawn, tight feeling. This only means that your skin is responding to a more thorough and stimulating kind of cleansing than it has been accustomed to. After a few nights this drawn

sensation will disappear and your skin will emerge from its nightly treatment with such a soft, clean, healthful feeling that you will never again want to use any other method of cleansing your face. Use the treatment regularly, and in a few weeks you will be surprised to see how your skin has improved—how much clearer, more attractive it has become.

Special treatments for each different skin need—for blemishes—coarse texture—conspicuous nose pores, etc.—are given in the famous booklet of treatments that is wrapped around every cake of Woodbury's Facial Soap. Get a cake today—begin your treatment tonight.

Woodbury's Facial Soap is on sale at any drug store or toilet goods counter in the United States or Canada. A 25 cent cake lasts for a month, or six weeks of any treatment, or for general cleansing use.

Would you like to have a trial size cake?

For six cents we will send you a trial size cake (enough for a week of any Woodbury facial treatment), together with the booklet of treatments, "A Skin You Love to Touch." Or for fifteen cents, we will send you the treatment booklet and samples of Woodbury's Facial Soap, Facial Powder, Facial Cream and Cold Cream. Address The Andrew Jergens Co., Spring Grove Ave., Cincinnati, Ohio.

If you live in Canada, address The Andrew Jergens Co., Limited, Sherbrooke Street, Perth, Ontario.

You can keep your skin free from blackheads by using, every night, the special Woodbury treatment given on this page.

GIANTS STAGE SLUGFEST AND DEFEAT CUBS, 17-2

CHICAGO—New York had a field day at last on Wednesday, gathering seventeen hits including four doubles, which, with four bases on balls and four costly errors by Chicago, made it ten straight from the locals, 17 to 2. Piskert's home run following Hollocher's double gave the locals their only runs. Score: New York 17, Chicago 2. 0 1 0 0 0 0 0 2-17.

PIRATES TAKE BOSTON BRAVES INTO CAMP, 2-1

PITTSBURG—Pittsburg was victorious over the Boston Braves on Wednesday by a score of 2 to 1, both Cooper and McQuinn pitching good ball. Boston scored in the first inning on singles and Mann and Cooper's wild throw to first. The locals tied the score in the last half of the first on hits by Bigbee and Carey. Bigbee's three-bagger and Southworth's single scored the other run in the third inning. Score: Pittsburg 2, Boston 1. 0 0 0 0 0 0 0 2-17.

CARDS BUNCH HITS AND DEFEAT PHILLIES, 6 TO 2

ST. LOUIS—St. Louis hit Casey freely and defeated Philadelphia on Wednesday, 6 to 2. The locals lunched four hits with two passes in the fifth for five runs. Hornsby tripling with the bases full. J.

Vacation Problems

Reported tours "Two National Parks in Two Weeks" solves the vacation problem. 14 days escorted tours of Yellowstone and Rocky Mountain National Parks, Utah and Colorado—40 miles of motoring. 11 days escorted tours of Colorado. All expenses included, at actual cost. Everything arranged in advance. Tours leave Chicago every week this summer. Make reservations now. Bureau of Service National Parks and Resorts, Chicago & North Western—Union Pacific, 145 S. Clark St., Chicago.

Miller went through the game without a chance. Score: Philadelphia 1, St. Louis 0. 0 0 0 0 0 0 1-1-2.

BOSTON HITS CICOTTE HARD AND WHIPS SOX

BOSTON—Excellent support for Cicotte held Boston to a 2 to 1 victory over Chicago on Wednesday, although the winners made 12 runs hits for a total of nineteen bases. Cicotte's home run over the highest part of the left field fence, his second in two days, tied the score at 2—all in the seventh. In Boston's half Menosky tripped to right, J. Coffins falling just before he seemed about to make the catch. Menosky scored on Hendry's single through the box. Score: Boston 2, Chicago 1. 0 0 0 0 0 1 0 0-2.

ATHLETICS HIT OLDRHAM HARD AND WIN, 7 TO 4

PHILADELPHIA—Philadelphia battered Oldham out of the box, evening up the series with Detroit by winning the final game, 7 to 4. Dugan's brilliance at short featured his return to the lineup after ten days on the hospital list. Score: Detroit 4, Philadelphia 7. 0 0 0 0 0 3 2 1 0 1-7.

INDIAN TRIBE SHUT OUT NEW YORK YANKS, 5-0

NEW YORK—Cleveland defeated New York on Wednesday, 5 to 0. Coveleskie scored an impressive victory. He was especially effective in the pinches, turning the Yankees back three times after they had runners on third and second bases. A catch by Hollis on Grand and a stop by Gardner on Lewis were features. Score: Cleveland 5, New York 0. 0 0 0 0 0 0 0 0-5.

STATE ORDERS STAIRWAY FIRE ESCAPES INSTALLED

(Special to Post-Crescent)
Madison—The Industrial Commission has given notice to builders and contractors that it will hereafter enforce its general order No. 6404, which requires that existing ladder fire escapes shall be replaced by stairway fire escapes.

This order was originally adopted in 1916 to become effective October 1, 1917. Due to war conditions, however, and the scarcity of iron and steel for other than war uses, the commission granted permission before that date to building owners to continue to use ladder fire escapes, except where there were special fire hazards.

Ladder type fire escapes are recognized to be much less satisfactory than stairway fire escapes, and have often proven inadequate in serious fires. Since it is now again possible to get iron and steel for the construction of stairway fire escapes, although the price level is higher, the commission believes that it is no longer justified to permit any ladder fire escapes to be used in the state. As notified, all owners of buildings having such fire escapes must at once proceed to replace them with stairway fire escapes.

WILLOW WIELDERS BECOMING ACTIVE

HEAVY ARTILLERY OF MAJOR LEAGUES IS RAPIDLY GETTING INTO REAL ACTION

(By Henry L. Farrell)
By United Press Associated Wire
New York.—Wielding of a wicked willow made the biggest noise in the major leagues last week. Getting their eyes thawed out by the first breath of real spring, the big time clubbers made life not worth the while for pitchers.

The American League averaged 19 hits a game and the National League 18. Conspicuous in the role of pitcher killers were the New York Yanks. They knocked Claude Williams and Stan Coveleskie, the league's two star pitchers, off a long winning streak. They made 51 hits good for 27 runs and had only five runners stranded on the paths.

Incidentally they jumped from seventh to fourth place. The spectacular work of the Chicago Cubs was the feature of the National League race. Thanks to the brilliant work of Alexander the Great and Hippo Vaughn, the Bruins won their four starts and jumped from seventh to third place on the strength of seven straight victories.

The prides of Ohio, Cincinnati and Cleveland, shoved the prides of Massachusetts, the Braves and Red Sox, out of the spotlight and took first place. The Braves dropped three out of five games and went to fourth place. The Red Sox lost two out of three games and dropped to second place.

In the first inter-sectional clash of the season, the western teams of the National League appear stronger. They won eleven out of 18 games.

The Cards fell down on their job and lost four out of five or the standing would have been better.

Black pearls were first made fashionable by the Empress Eugenie, who in the days of her glory possessed a famous necklace of them, which brought many thousands of dollars when sold at auction after the overthrow of the imperial dynasty.

BEAR OIL For Your Hair

—You never saw a bald Indian—They don't use perfumed lotions. For ages they used bear oil, with other potent ingredients from the fields, moors and forests of Nature. A reliable formula is KATALKO, Indians' elixir for hair and scalp. Astonishing success in overcoming DANDRUFF, stopping FALLING HAIR, and inducing NEW GROWTH in many cases when all else failed. Investigate. 50c, money-refund guarantee. For men, women, children. Keep this advertisement. Show others. Positively wonderful. Buy KATALKO at the drug store, or send 10 cents (silver or stamps) for proof box and guarantee, to John Hart Brittain, Sta. F, New York.

CONSTRUCTION EFFICIENCY

BUILDING PROBLEMS ARE CONFRONTING EVERY COMMUNITY IN THE COUNTRY. IN THE FACE OF RISING COSTS THERE IS AN INSTANT DEMAND FOR MORE CONSTRUCTION THAT IS TAXING AND BAFFLING THE EFFORTS OF BUILDERS EVERYWHERE. SERIOUS MATERIAL AND LABOR SHORTAGES, WITH CONSEQUENT HIGH LABOR COSTS, HAVE ALL BUT DISCOURAGED BOTH CONTRACTOR AND CLIENT. THE LUDOLF M. HANSEN COMPANY HAS MET THIS ISSUE SQUARELY BY ENGAGING CONSTRUCTION ENGINEERS OF RECOGNIZED ABILITY. THESE BUILDING EXPERTS ARE DEVISING CHANGES IN MATERIALS AND BUILDING TYPES, BETTER AND MORE RAPID METHODS OF CONSTRUCTION AND COST CUTTING ECONOMIES. WITH THEIR OWN PROBLEMS SOLVED, THE COMPANY IS NOW OFFERING THIS ENGINEERING TALENT TO CONTRACTORS, BUILDERS, AND TO THOSE WHO REQUIRE CONSTRUCTION AT ONCE BUT WHO HAVE HESITATED TO COMPLETE PLANS UNDER PRESENT CONDITIONS.

CONSULTATION BY APPOINTMENT

"Expert Building Service"

SALARIES OF FIRE AND POLICEMEN ARE RAISED \$10 A MONTH

COMMON COUNCIL GRANTS INCREASE — PARK BOARD URGES BETTER COMFORT STATIONS

Salaries of all members of the police and fire departments were increased \$10 a month by the common council last evening after discussing the matter in "committee of the whole." Nearly all the business of any importance was transacted in executive session. Police officers had requested increases of \$25 a month. The firemen did not present a petition but it was announced in open meeting that they would be "taken care of."

The council, also in committee of the whole, decided not to grant the request of Miss Helen Revett, city school nurse, for a salary of \$150 a month, an increase of \$25 over the present scale. Another committee of the whole decision was the increase of salaries of park laborers from \$75 to \$90 a month and to refer the park board's communication regarding the establishment of comfort stations and purchase of property on which to place the stations, to the committee on grounds and buildings.

Probably the most important communication before the council was from the park commissioners who

called attention to the law requiring comfort stations in all public parks. It was recommended that the band stand and comfort station combined idea for the city park be abandoned and the station alone be built. A larger place was recommended for Jones Park. It was also suggested that a lot at the corner of Superior street and College avenue and the lot in the rear of Elk club building on Lawrence street, be acquired and comfort stations built on them.

Water main extensions costing slightly more than \$9,000 were recommended in a report from the waterworks commission and referred to the fire and water committee. Extensions were recommended for Durk, Harriman, Lemnaw, Outagamie and Locust streets and west College avenue.

Application for a billboard permit from the Miller Poster Advertising company was referred to the city attorney.

Buy Reliance Truck.
The council decided to purchase a Reliance 1½ ton truck for the street department. The Reliance Motor Truck company's bid of \$2,250 was considered the best, although there was considerable argument over the size of the truck required. The city engineer said that a 1½ ton truck would be large enough for the city's use.

E. H. Harwood, appearing for Appleton photographers, argued for adoption of an ordinance prohibiting house to house solicitation of orders for enlarged photographs. The ordinance had been presented at a previous meeting and tabled but was revived last night and referred to the ordinance committee.

Fire Hose Bids.
Fifteen bids for fire hose, ranging from 92½ cents to \$1.40 a foot were opened and referred to the fire and water committee for tabulation. A report and recommendation will be submitted at the next meeting.

Construction of safety gates on both ends of John street bridge was recommended by the streets and bridges committee. It was decided to appropriate \$150, or as much of that as is necessary, to defray Memorial day expenses. The appropriation was made at the request of the George D. Eggleston post of the G. A. R. It was also decided to pay expenses incidental to placing the cannon recently received from the government on Soldiers' square.

AUTO DAMAGED.—An automobile driven by Melvin Boese was damaged yesterday afternoon. Boese, who was driving on Superior street, lost control of the car which struck a pole and damaged the radiator. The driver was uninjured.

NEW HOPE MINISTER PERSISTS IN OCCUPYING PULPIT AGAINST WISHES OF FLOCK

Stevens Point, Wis.—The congregation of the New Hope Norwegian Evangelical Lutheran church of the town of New Hope, Portage county, has appealed to civil authority for redress in a controversy with Rev. N. F. Kile, who it is charged, refuses to be ousted as pastor of the church and, it is alleged, continues to occupy property belonging to the congregation without the consent of the congregation.

Thomas Thompson, a resident of Waupaca county and a member of the New Hope congregation, is named as co-defendant in the complaint, which first came up in County court for Waupaca county. The complaint sets forth that the New Hope church and the Norwegian Danish Evangelical Lutheran church of the town of Alban, Portage county, for more than twenty years maintained a pastor under joint contract and at joint expense.

A temporary injunction restraining the Rev. Mr. Kile from interfering with the church property was granted on Tuesday by Judge W. N. Martin in District court here.

Refuses to Be Ousted.

The Rev. Mr. Kile was called to the pastorate of the two churches in March, 1917, and soon afterward entered into possession of the New Hope congregation's farm and parsonage.

"For some time prior to Oct. 7, 1919," the complaint alleges, "there

had been quite serious charges preferred against said defendant Kile that culminated in a request to him from said Alban society, made Oct. 7, 1919, for his resignation." The Rev. Mr. Kile, in response to the request of the Alban congregation, resigned as pastor of that congregation. The New Hope congregation, it alleges, made a similar request to the Rev. Mr. Kile on Oct. 8, 1919, but it sets forth, the Rev. Mr. Kile persisted, and still persists in the occupation of the congregation property and in attempts to minister to the congregation.

BAND TO GIVE SEVEN CONCERTS IN SUMMER

COUNCIL AGREES TO PAY \$150 A CONCERT—FIRST PRO-GRAM SCHEDULED FOR JUNE 7

Seven band concerts, for which the city will pay \$150 each, will be given.

This coupon and ten cents entitles the holder to a new brush and a 30c trial can of Rogers Stain Floor Finish, any color desired.

Name _____
Address _____
Town _____

HOME PAINT & ROOFING CO.
650 Appleton St.

en during the summer months by the Ninth regiment band. It was announced at the regular meeting of the common council last evening. The concerts are to be held in various parts of the city.

It was announced that the first program is to be presented in the city park June 7.

Other concerts scheduled follow:
June 21—Jones park.
July 12 — Third ward school grounds.
July 26 — Fourth ward school grounds.

GREAT FOR ECZEMA AND OLD SORES

I Guarantee My Ointment, Says Peterson—Every Box Of It

"If you are responsible for the health of your family," says Peterson, of Buffalo, "I want you to get a large 25 cent box of Peterson's Ointment today."

"Remember, I stand back of every box. Every druggist guarantees to refund the purchase price if Peterson's Ointment doesn't do all I claim. I guarantee it for eczema, old sores, running sores, salt rheum, ulcers, sore nipples, broken breasts, itching skin, skin diseases, blind, bleeding and itching piles as well as for chafing, burns, scalds, cuts, bruises and sunburn."

"I had 30 running sores on my leg for 11 years, was in three different hospitals. Amputation was advised. Skin grafting was tried. I was cured by using Peterson's Ointment."—Mrs. E. E. Root, 287 Michigan street, Buffalo, N. Y. Mail orders filled by Peterson Ointment Co., Inc., Buffalo, N. Y. adv.

August 9 — Fifth ward school grounds.
August 21—Franklin or Columbus school grounds.
August 30—City park.

Mayor T. E. McGillan of Menasha, visited in Appleton Wednesday evening.
Gustave Kempfert visited at Menasha Wednesday.

USE AN ELECTRIC CLEANER

No Dust to Irritate Your Lungs

When sweeping your floors with a broom, haven't you found it unpleasant to inhale the dust raised? Think of the danger to your health! Think, also, of the extra coating of dust that the broom sweeps onto the furniture, drapes, and everything else in the room, making double dirt to clean up.

An Electric Cleaner conserves your strength, cleans with less wear than any other method, and costs only a few cents an hour to operate.

An Appeal from the Physicians of Outagamie County for a New St. Elizabeth Hospital.

Read what the physicians and surgeons of Appleton and Outagamie County say regarding the need of a new St. Elizabeth Hospital. These men are better informed than any other class of individuals on the hospital needs of this vicinity.

Their Letter Follows:

TO THE PUBLIC:

We, the undersigned physicians and surgeons, do hereby certify that there is great need at this time of additional hospital facilities at Appleton, Wisconsin, in order to serve the community.

We further certify that we are familiar with the plan to raise funds for the new St. Elizabeth Hospital and we urge the citizens to contribute liberally to this good cause.

Dated May 15th, 1920.

POTATO AND BEAN ACREAGE REDUCED THROUGH U. S.

Madison, Wis., May 19.—A small reduction in acreage to be planted to potatoes and beans will be one of the results of the unfavorable spring, the shortage of farm help and the uncertain market for farm crops, states Joseph A. Becker of the Wisconsin crop reporting service. This is true not only of Wisconsin but of practically the entire United States.

A special inquiry on May 1 revealed that under present conditions farmers in Wisconsin will be able to plant 95 per cent of the 1919 acreage of potatoes and 70 per cent of the 1919 acreage of beans.

The intended acreage of potatoes in the leading potato states will be 95 per cent of last year's acreage, while the area in beans will be 71 per cent of last year's acreage.

FARMERS ARE VAINLY SEEKING FARM HELP

Eau Claire.—Eau Claire county farmers are vainly seeking farm help but there is no help to be had. Wages of from \$110 to \$120 a month, with room and board included, are being demanded, and the smaller farmers feel that they cannot pay such wages and are going back home without help. Operators of large farms are being forced to take help at most any price. A market curtailment in grain and potato acreage is the result. Handicapped by this labor situation, the farmers, in most cases, are putting in the longest and hardest hours of their farm careers in order to go as far as possible and are enlisting the active help of their wives and children.

CLEVER ROMANCE IS UNDOING OF PRETTY TWO RIVERS MAIDEN

LIFE OF LUXURY PLANNED AS NOVELTY OF HONEYMOON WEARS OFF — POLICE SHATTER DAY DREAMS

(Special to Post-Crescent)
Two Rivers, Wis.—Day dreams of a winsome lass, coming true for three thrilling months by reason of her own forceful imagination and convincing inventions, went all to smash when detectives brought Mrs. Harold Haultaufderheide here to face charges of obtaining money by false pretenses.

That is the hard, legal term for what this girl did, but it is expected that her father and the family of the boy she married will somehow patch things up.

Her name, until last summer, was Helen Herzog.

Leads Sleuths Merry Chase!
It was revolt against the unmusical names of Herzog and Haultaufderheide and against the prosaic role of a factory worker's wife that impelled Helen to enter upon her romantic adventure. Until the detectives caught up with her, she lived like the heroine of one of her favorite novels.

Romance Her Middle Name

This is the story, as Helen constructed it:
Helen, the beautiful daughter of a stolid farmer, lives and toils in obscurity until she is 16. In an amusement park she meets the clean-cut, tall, wavy-haired youth whom, at a glance, she recognizes as the man of her heart.

From the dull farm, her hard-working father and an unattractive stepmother, she elopes with Harold.

Harold returns to his labor in a veneer mill. The honeymoon wanes and the high cost of living gets in its deadly work.

Helen and Harold live with Harold's family in Two Rivers. The girl feels out-of-place, a bit neglected.

One evening at the supper table she appears in a state of intense excitement.

"Harold," she says, "you didn't marry a poor girl after all!"

"Letter From Aunt" Arrives
A letter from her aunt, Mrs. Ben Strupp of Manitowish, has informed Helen that her name was not Herzog, but that she is actually the daughter of Herbert Earle, a wealthy opera star.

Her mysterious father has left her a vast estate—a ranch in Montana, a mansion in Chicago, a plantation in Virginia and much other valuable property.

Helen at once insists that Harold quit his factory job and his parents, overjoyed at their daughter-in-law's good fortune, are prevailed upon to purchase a new home.

Mr. Haultaufderheide draws money from the bank to keep the heiress supplied until her own shall come rolling in.

Great Life, Helen's Life, Until—
The girl travels about the state on important errands, scorned the interurban for hired touring cars. Her slender beauty is arrayed in becoming and costly garments.

There are conferences with lawyers, sage consultations with bankers, rosy plans for everybody's future.

THEN (—) Harold and Helen go to Milwaukee and nothing is heard from them day after day. Suspicion and finally panic invade the serenity of the Haultaufderheide household. The police are notified. At the home of Adam Horning, Helen's cousin in Milwaukee, Helen and Harold are found by large, unsentimental detectives.

"St. Elmo" Is Responsible!
Helen confesses and weeps; Harold embraces her and weeps. They weep together and Helen sobs:

"I thought you'd love me more if I was rich. I got the name Herbert Earle out of a book called 'St. Elmo.' I wrote the letters to myself and I fixed up the lawyer's paper and everything myself. I am all to blame."

Behind is a trail of notes signed at the bank, of grim attorney's chagrined at the revelation that a slip of a girl has fooled them and, worst of all, the exasperated family.

"Little Mixx," Papa Calls Her
"Why," gasped Papa Haultaufderheide, "the little mixx had even ordered a special limousine from the factory. No ordinary automobile would do for her when she got her million."

And Helen, in the midst of her troubles, says that she is sure John Herzog, plodding farmer, and her honest-to-goodness father, will come to her aid, even though he has to mortgage the family acres.

DANCING AT WAVERLY EVERY TUESDAY, FRIDAY EVENING AND SUNDAY AFTERNOON AND EVENING. 5-22

DISCUSS INSPECTION OF CABBAGE AND SPUDS

(Special to Post-Crescent)
Madison, Wis., May 19.—Shall there be inspection of carloads of potatoes and cabbage at the shipping points in Wisconsin? This is a question which shippers will determine at a meeting called by the division of markets to be held on Friday, May 21, in the council chamber of the city hall in Milwaukee.

The division of markets in view of the excellent results in marketing produce which followed such inspection in other states, believes the shippers should settle the question for themselves in this state. Every shipper of cabbage or potatoes in the state is urged by the market division to attend the meeting.

Nebreska, Colorado and Idaho had this inspection service last year and were so well satisfied that it will be continued. New Jersey, California and some other states will institute the inspection service this year. The position the division takes in regard to the enforcement of the various grade rules it has established and what its position is in regard to the building of storage warehouses at terminal markets will also be discussed.

NOISE MAKERS WILL BE BARRED NEXT JULY 4

LAW PROHIBITING SALE OF FIRE CRACKERS, ROMAN CANDLES AND ROCKETS EFFECTIVE

There will be an absence of fire crackers, Roman candles and sky rockets on the market this July 4 for the first time in a great many years, said a local merchant yesterday while checking up the bill for his supply of sparklers, "snakes in the grass," "devils of walls," etc. He predicted that sparklers would replace fire crackers and Roman candles to a great extent.

The law which prohibits the sale of fire crackers, Roman candles and sky rockets was passed by the legislature several years ago, but has never been strictly enforced for the reason that the authorities thought it was no more than just that dealers should have an opportunity to dispose of whatever supply they might have on hand.

Just what a celebration of the day of independence will be like without fire crackers is hard to imagine. It is possible that the absence will create a greater demand for revolvers and blank cartridges, toy pistols and cannons which are equally dangerous.

GYPSIES PASS THE HAT AND REIMBURSE A LOSER

Eau Claire, Wis.—Twenty gypsies passing through in handsome touring cars were stopped by the police at the request of a citizen from Osseo, who said they had robbed him of \$50.50. The gypsies passed a hat and made up the amount.

They said they were honest copper workers from Chicago going to St. Paul. The stranger from Osseo swore by his long white beard that the women of the party had crowded around him, putting and apparently admiring him, while he clutched his wallet in his trousers' pocket.

When the last flutter of the scarlet skirts vanished on the horizon, he discovered his purse was empty and telephoned to stop the stylish Romanes here.

BONUS CHECK CASHED BY "FAKE WAR WIDOW"

Kenosha, Wis.—Kenosha's first instance of a "fake war widow" developed on Thursday when federal inspectors were here investigating the alleged fraudulent cashing of a soldier's additional compensation check to Joseph Kemmen. The letter containing the check was sent to him and delivered to a house where he had formerly lived. Someone there opened the letter and forged his name on the check, it was alleged. E. J. Filbin, a meat dealer, who cashed the check, declared that it was presented several weeks ago by a young woman who claimed to be the wife of the former soldier. She has not been located.

Use of automobiles may be prohibited in Italy because of the shortage of gasoline and the high rate of exchange.

MARINETTE CITY FATHER FLAYS POLICE OFFICIALS

Marinette, Wis.—At a fiery council session, Alderman Edward A. Golden spoke plainly on vital topics to the city fathers. A poolroom keeper was on the carpet at the meeting for alleged violations.

"It is common talk," the alderman said, "that a group of outsiders came here to sell moonshine and other liquors. In fact, these men, rank outsiders, are really running our city," said Ald. Golden. We are straining at a gnat and swallowing a camel in Marinette and a few pounds of dynamite under the police wouldn't hurt them either," he added.

Camphor and Witchhazel Help Weak Eyes

Appleton people are astonished at the quick results produced by simple witchhazel, camphor, hydrastis, etc., as mixed in Lavoptik eye wash. In one case of weak and nearsighted eyes a few days use brought great improvement. In another case it stopped eye pains and inflammation. We guarantee a small bottle of Lavoptik to help ANY CASE, weak, strained or inflamed eyes. Aluminum cup FREE. F. G. Walker, druggist.

Canada's imports for consumption in March amounted to \$142,437,873, a showing unequalled in any month of any previous year.

MOTHER!

"California Syrup of Figs" Child's Best Laxative

Accept "California" Syrup of Figs only—look for the name California on the package, then you are sure your child is having the best and most harmless physic for the little stomach, liver and bowels. Children love its fruity taste. Full directions on each bottle. You must say "California."

Common Sense Talks With Women

Women should be taught by those of experience that their most precious possession is their health. Upon it depends happiness, success and attractive homes. — for no home can be attractive or happy with a despondent, nervous, irritable wife and mother, suffering from the ills peculiar to her sex, such as displacements, ulceration, inflammation, irregularities and the consequent headaches, backache, and dragging down pains.

It is such women who should listen to common sense advice and when such symptoms appear try that most successful of all medicines, Lydia E. Pinkham's Vegetable Compound, which is made from roots and herbs and contains no narcotics or harmful drugs, and which for more than forty years has been restoring American women to health.

Here is Proof.

Cokesberry, Fla.—"I had a tumor and suffered with a severe pain in my right side. I could not stoop to fasten my shoes and was not able to do my work. I went to the doctor and he gave me medicine and told me to stay in bed for at least fifteen days and not even to lift a basin of water till I could gain strength enough to be operated on for I never would be well without it. I remembered one of my aunts who had been in the same condition and was cured by your medicine so I took Lydia E. Pinkham's Vegetable Compound and got well completely. The tumor has disappeared and I am able to do anything I want to do. I recommend your medicine to my friends and you can publish my testimonial."—Mrs. S. J. FASOULIN, Box 10, Cokesberry, Fla.

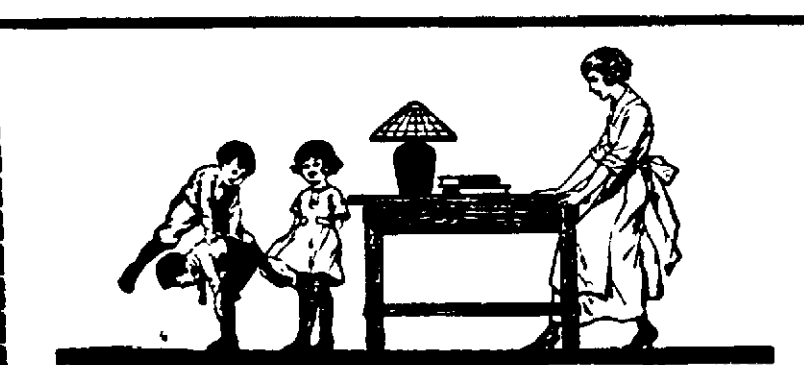

Wakefield, Neb.—"I felt sick all over and did not know what to do with myself. I was irregular and had chills and night sweats, would vomit at that time. I suffered in this way for many years and had medicine from two doctors but they did me no good and so I lost faith in them. Finally my husband got tired of seeing me suffer so he got me a bottle of Lydia E. Pinkham's Vegetable Compound. It seemed to help me right away, then I got Lydia E. Pinkham's Vegetable Compound Tablets and took several boxes. Now I feel just fine all the time so it surely is a wonderful medicine. I have told several ladies about your medicine and you can use my testimonial."—Mrs. JULIET L. FARMER, R. No. 1, Box 4, Wakefield, Nebraska.

Unquestionably the Best Remedy for Woman's Ills is

Lydia E. Pinkham's Vegetable Compound

LYDIA E. PINKHAM MEDICINE CO., LYNN, MASS.

Lowe's

A Floor Varnish That Stands Rough and Scuff

Lowe's Durable is one of the few floor varnishes made especially for floors—one of the few that fully fulfills its purpose.

It is heavy in body, covers thoroughly and gives complete protection to the floor. Dries hard, but will not crack even though the wood is dented. And it is easy to apply—does not drag on the brush.

Durable Floor Varnish does not have that cheap "shiny" look, but gives a deep, rich gloss effect.

It is tough and elastic enough to stand wear and tear. It does not mar white.

Water—boiling hot or freezing cold—does not affect it. It is a varnish we recommend for your floors. It is made just for that purpose.

A Car of Universal Appeal

REACHING the peak of possibility in every department of motor car performance; delivering under every condition the maximum of efficiency with a corresponding minimum of operating cost, the Cole Aero-EIGHT has changed completely all former conceptions of what a motor car can be made to do.

Meets Every Need

The Cole Aero-EIGHT develops 80 horsepower, yet its fuel demands are surprisingly inconsequential.

Its pickup and speed give it the fleetness of a bird, yet for the hills and deep sand it has a relentless brutality which knows no compromise.

It weighs only 3,600 pounds, yet it has the stamina and strength of a giant—capacity that enabled it to serve so valiantly all through the war.

Its 15,000 miles on tires is a feature of unequalled economy, while its spacious roominess affords palatial repose and luxurious comfort.

Its designs are daring departures from the conventions of automobile tradition, but its refinements reflect the most staid propriety.

The Cole Aero-EIGHT has introduced new standards both of performance and appearance. It offers as realities of the present ideals which seemed intended for fulfillment only at some future time.

The Cole Aero-EIGHT is a car of universal appeal, of universal utility. It dominates the field of automotive achievement as a leader in every recent phase of motor car advancement.
